PROVISIONS

1. In signing this application, the applicant certifies that the facts set forth in the permit application have been examined and to the best of their knowledge are true, correct, and complete.

2. Inspections are required at various stages of construction detailed as follows:

Subgrade: Compaction tests shall be performed by contractor or third party inspection agency. Certified test results shall be provided to the Township.

Subbase: After subgrade compaction, prior to placing subbase material.

Base Course: Prior to placing concrete.

Wearing Course: Prior to placing wearing course.

Curb: Prior to placing concrete.

Sidewalk: Prior to placing concrete.

Pipe: After placement of pipe, prior to backfill.

Inlet/Manhole: After the placement of structure, prior to backfill.

Punchlist Inspection: After substantial completion of work.

Final Inspection: After completion of all items on punchlist.

3. It is the applicant's responsibility to notify utilities of work to be done in accordance with Act 172.
