SECTION 2 **GRANT OF FRANCHISE**

2.1 GRANT OF AUTHORITY

Pursuant to the Cable Act, the regulations of the FCC and Pennsylvania law, the Township hereby grants a non-exclusive and revocable franchise to Comcast. Subject to the terms and conditions contained herein, the Township hereby grants to Comcast the authority to construct, extend, install, operate, maintain, upgrade and rebuild a Cable System, including such wires, cables, fiber, conductors, ducts, conduits, amplifiers, pedestals, attachments and other equipment as is necessary and appropriate to the operation of the Cable System in the Public Rights-of-Way, including property over which the Township has a sufficient easement or right-of-way to provide Cable Services. Nothing herein shall preclude Comcast from offering any other service over the Cable System as may be lawfully allowed.

2.2 TERM OF FRANCHISE

The term of this Agreement shall be for a period of ten (10) years commencing on the date when fully executed by both parties, (the “Effective Date”), unless the Franchise is terminated prior to the expiration date in accordance with the terms and conditions of this Agreement.

2.3 REPRESENTATIONS AND WARRANTIES

(a) Comcast represents, warrants and acknowledges that, as of the Effective Date:

(1) Comcast is duly organized, validly existing and in good standing under the laws of the Commonwealth of Pennsylvania;

(2) Comcast has the requisite approval from the applicable federal and state agencies;

(3) There is no action or proceeding pending or threatened against Comcast which would interfere with its performance or its ability to perform the requirements of this Agreement;

(4) Pursuant to Section 625(f) of the Cable Act, as of the Effective Date, the performance of all terms and conditions in this Agreement is commercially practicable.

2.4 NON-EXCLUSIVITY

This Franchise granted to Comcast shall be non-exclusive. Nothing in this Agreement shall affect the right of the Township to grant other Franchises to construct, operate or maintain a Cable System.

2.5 FRANCHISE SUBJECT TO FEDERAL, STATE AND LOCAL LAWS

This Franchise is subject to and shall be governed by all lawful and applicable provisions of federal, state and generally applicable local laws and regulations. This Franchise is further subject to all generally applicable ordinances and resolution of the Township. Without waiving any of its rights, the Township agrees that, to the extent any term of this Agreement is inconsistent with the terms of any Township cable franchise ordinance existing as of the Effective Date, this Agreement shall control.

2.6 COMPETITIVE EQUITY

(a) Comcast acknowledges and agrees that the Township reserves the right to grant one or more additional franchises to construct, operate, and maintain a Cable System within the Township.

(b) The Franchise granted to Comcast is non-exclusive; however, if the Township grants a subsequent franchise or other authorization to provide similar wired video services, that,

when taken as a whole upon consideration of all of its material obligations, is more favorable or less burdensome to the subsequent provider than this Agreement is to Comcast, then Comcast may request an amendment to this Agreement to provide Comcast with competitive equity. If, when taken as a whole upon consideration of all of its material obligations, the subsequent Franchise is more favorable or less burdensome, then the Township and Comcast shall enter into good faith negotiations in order to modify this Agreement to the mutual satisfaction of both parties to provide Comcast with such competitive equity.

(c) In the event an application for a new Franchise for Cable Service is submitted to the Township proposing to serve Subscribers within the Township, then the Township shall notify Comcast in writing of the submission of the application.

SECTION 3 **SYSTEM CONSTRUCTION, OPERATION AND MAINTENANCE**

3.1 TECHNICAL REQUIREMENT

(a) Comcast shall operate, maintain, construct and extend the Cable System so as to offer Cable Services throughout all parts of the Township where the density requirements of Section 3.2 are met. The Cable Service provided by the Cable System shall be delivered in accordance with applicable FCC standards and the Cable Act. The Cable System shall meet or exceed any and all applicable technical performance standards of the FCC, the National Electrical Safety Code, the National Electric Code and any other applicable federal laws and regulations and the laws, ordinances and construction standards of the Commonwealth of Pennsylvania and the generally applicable laws, ordinances and construction standards of the Township.

(b) Stand-by power at the headend(s) shall be provided in the event of a service interruption. Stand-by power must activate automatically upon the failure of commercial utility power.

3.2 AREA TO BE SERVED

(a) Comcast shall make Cable Service available to every dwelling occupied by a person requesting Cable Service provided that Comcast is able to obtain from the property owners any necessary easements and/or permits in accordance with Section 621(a)(2) of the Cable Act. Comcast shall extend the Cable System beyond that which exists on the Effective Date into all areas within the Township, unserved by another wireline video provider, where there is a minimum of twenty-five (25) dwelling units per linear plant mile of aerial cable and fifty (50) dwelling units per underground mile of cable, calculated from the end of the main distribution line from which a usable Cable Service signal can be obtained. For purposes of this section, a home shall only be counted as a "dwelling unit" if such home is within two hundred seventy-five (275) feet of the nearest distribution pole line within the public right of way. Upon written request from the Township, Comcast shall conduct a survey to determine the number of dwelling units in the requested area and shall inform the Township of the survey results and applicable costs to extend Service to the area. In those areas meeting the minimum density standard, Comcast shall

commence construction within ninety (90) days after all necessary permits and pole attachment licenses are obtained. Subject to Force Majeure, Comcast will make best efforts to complete the construction of said extension within six (6) months from the issuance of all necessary permits and pole attachment licenses. Comcast's obligation hereunder shall be subject to the timely performance of walk-out, make ready and location of all underground utilities, weather permitting.

(b) Any dwelling unit within one hundred twenty-five (125) feet aerial distance from the main distribution line shall be entitled to a standard installation rate. For any dwelling unit in excess of one hundred twenty-five (125) feet or that requires an underground installation, Comcast shall extend the Cable Service if the Subscriber pays Comcast the actual cost of installation from its main distribution system with such cost being only the incremental portion beyond one hundred twenty-five (125) feet for aerial installations.

(c) The Township has the authority to require Comcast to place wires and/or equipment underground, provided that the Township imposes such requirement on all similarly situated entities. All installations of wires and/or equipment by Comcast shall be underground in those areas of the Township where the wires and/or equipment of similarly situated entities (i.e. telephone and electric utilities) are underground; provided, however, that such underground locations are capable of accommodating Comcast's facilities without technical degradation of the Cable System's signal quality. Comcast shall not be required to construct, operate, or maintain underground any ground-mounted appurtenances such as Subscriber taps, line extenders, system passive devices, amplifiers, power supplies, or pedestals.

(d) In the event that public or private funds are made available to pay for such underground projects, Comcast shall be included by the Township for such funds, if permitted to do so under applicable law. In the event that Comcast is required to place existing aerial plant underground, Comcast reserves its right to pass any remaining costs in excess of any such available public or private funds through to Subscribers if and to the extent allowed by applicable law.

3.3 CABLE SYSTEM SPECIFICATIONS

(a) Comcast has designed, constructed, and shall maintain a Cable System that has been built for digital television standards.

(b) Comcast reserves the right to alter, adjust, modify, rebuild, upgrade, redesign, or otherwise reconfigure the Cable System at any time during the term of the Agreement, provided that no alteration, adjustment, modification, rebuild, upgrade, redesign or other reconfiguration of the Cable System shall have the effect of reducing the technical capabilities of the Cable System as set forth in Section 3.1.

3.4 SYSTEM TESTS

(a) Comcast shall be responsible for ensuring that its Cable System is designed, installed and operated in a manner that fully complies with applicable FCC technical standards. Upon a showing of a pattern of Subscriber Complaints regarding signal quality or a determination of non-compliance related to signal quality through a compliance review under Section 5.2 herein,

Comcast, upon written request by the Township, shall perform applicable tests to determine compliance with FCC technical standards. Comcast shall provide a report to the Township within thirty (30) days of completion of a Township-requested test that describes the results of the test. If any test under this Section indicates that the Cable System fails to meet applicable FCC requirements, Comcast shall take such corrective measures as are necessary to correct any failure and to prevent their recurrence as far as is possible.

(b) Upon sixty (60) days' written request to Comcast, the Township may inspect the Cable System at any time to ensure compliance with this Agreement and applicable law, including to ensure that the Cable System is constructed and maintained in a safe condition. The Township reserves the right, upon at least sixty (60) days' written notice to Comcast, to conduct a technical audit of the Cable System.

3.5 EMERGENCY ALERT SYSTEM

Comcast shall comply with the Emergency Alert System requirements of the FCC.

3.6 SERVICES FOR SUBSCRIBERS WITH DISABILITIES

Comcast shall comply with all applicable federal regulations, including the Communications Act of 1934, as amended, that ensure the provision of Cable Services and related equipment are accessible to and usable by persons with disabilities.

3.7 SERVICE TO MULTIPLE DWELLING UNITS ("MDU's")

Comcast and the Township hereto acknowledge and agree that installation and provision of Cable Service to MDU's are subject to a separate negotiation between the landlord, owner or governing body of any such MDU and Comcast, which negotiations shall be conducted in accordance with the procedures set forth in the Cable Act, as amended, applicable FCC regulations and applicable Pennsylvania law.

3.8 REPAIRS AND RESTORATION

(a) Whenever Comcast or any of its agents, including any contractor or subcontractor, takes up or disturbs any pavement, sidewalk or other improvement of any public or private property, the same shall be replaced and the surface restored in as reasonably good condition as before the disturbance within twenty (20) business days of the completion of the disturbance, weather permitting. Upon failure of Comcast to comply within the time specified and the Township having notified Comcast in writing of the restoration and repairs required, the Township may cause proper restoration and repairs to be made and the expense of such work shall be paid by Comcast upon demand by the Township.

(b) Whenever Comcast or any agent, including any contractor or subcontractor, shall install, operate or maintain equipment, cable, or wires, it shall avoid damage and injury to property, including structures, improvements and trees in and along the routes authorized by the Township if required for the proper installation, operation and maintenance of such equipment, cable, or

wires. Comcast shall promptly repair and restore any public or property that is damaged as a result of construction, installation, repair or maintenance of the Cable System within twenty (20) business days, weather permitting.

(c) Comcast's operation, construction, repair and maintenance personnel, including all contractors and subcontractors, shall be trained in the use of all equipment and the safe operation of vehicles. Such personnel shall follow all safety procedures required by all applicable federal, state and local laws and regulations. All areas of the Cable System shall be inspected in accordance with such applicable federal, state and local laws and regulations so as to prevent hazardous conditions or risks to safety for the public and/or operating and maintenance personnel. Comcast shall install and maintain its wires, cables, fixtures, and other equipment in such a manner as shall not interfere with any installations of the Township or any public utility serving the Township.

(d) Should a public safety emergency occur as a result of, incident to, or connected with operation, construction, repair, or maintenance activities by Comcast personnel, including all contractors and subcontractors, then such personnel shall immediately contact the applicable public safety emergency dispatcher (e.g. 9-1-1).

(e) Whenever Comcast or any agent, including any contractor or subcontractor, shall disturb any pavement, sidewalk or other public property in order to perform any underground activity, it shall utilize the Pennsylvania One Call System prior to any such disturbance. Comcast shall adhere to any additional undergrounding requirements which the Commonwealth may establish in the future. Comcast shall adhere to all requirements of the Pennsylvania Underground Utility Line Protection Act.

(f) All structures and all lines, equipment and connections in, over, under, and upon streets, sidewalks, alleys, and public and private ways and places of the Township, wherever situated or located, shall at all times be kept and maintained in a safe and suitable condition and in good order and repair in accordance with customary industry standards and practices.

3.9 SERVICE AREA MAPS

Upon thirty (30) days written request, Comcast shall permit the Township to view a complete set of Comcast service area strand maps of the Township on which shall be shown those areas in which facilities exist and the location of streets. The strand maps shall also designate where the cable wires and other equipment are aerial and where they are underground. Such viewing by Township officials shall be at a mutually agreed time and location. Should the Township wish to obtain such strand maps of the Township for its exclusive use, Comcast shall provide such maps within thirty (30) days of a written request, but no more than once annually and only after the Township and Comcast have executed a non-disclosure agreement as such maps are confidential and proprietary pursuant to Section 5.1 of this Agreement.

3.10 DISCONNECTION AND RELOCATION

(a) Comcast shall, at no cost to the Township, protect, support, temporarily disconnect, relocate in the same street, or other public way and place, or remove from any street or any other

public way or place, any of its property as required by the Township or its designee by reason of traffic conditions, street construction, change or establishment of street grade, site distance visibility, the construction of any public improvement or structure, or any other reason related to public health, safety and welfare.

(b) In requiring Comcast to protect, support, temporarily disconnect, relocate or remove any portion of its property, the Township shall treat Comcast the same as, and require no more of Comcast than, any other similarly situated entity utilizing the Public Rights of Way, including with respect to potential reimbursement of costs.

3.11 EMERGENCY REMOVAL OF EQUIPMENT

(a) If, at any time, in case of fire or other disaster in the Township, it shall be necessary, in the reasonable judgment of the Township or its agent, to cut or move any of the wires, cable or equipment of the Cable System, the Township shall have the right to do so without cost or liability, provided that, wherever possible, the Township shall give Comcast notice and the ability to relocate wires, cable or other equipment.

(b) In cutting or moving any of the wires, cable or equipment of the Cable System in the event of fire or other disaster, the Township shall treat Comcast the same as, and require no more of Comcast than, any other similarly situated entity.

3.12 TREE TRIMMING

(a) Comcast, or its agents, including contractors and subcontractors, shall have the authority to trim trees upon and overhanging the Public Rights-of-Way so as to prevent the branches of such trees from coming in contact with the wires, cables, or other equipment of Comcast. Any such tree trimming shall only be performed in accordance with applicable laws and regulations.

(b) If Comcast or its agents, including contractors and subcontractors, wish to cut down and remove any tree or trees as may be necessary for the installation and/or maintenance of its equipment, it shall apply to the Township for permission, with the exception of Emergency situations as defined in Section 1(k), and if permission is granted, shall perform such cutting and removal in accordance with the regulations of the Township.

3.13 CHANNEL CAPACITY

Comcast shall meet or exceed programming and channel capacity requirements set forth in this Agreement and required by applicable federal and state law and regulations.

3.14 BROADCAST CHANNELS

To the extent required by federal law, Comcast shall provide all Subscribers with Basic Service including, but not limited to: a) all broadcast television signals carried in fulfillment of the requirements of Section 614 of the Cable Act; b) the signals of qualified non-commercial

educational television signals carried in fulfillment of the requirements of Section 615 of the Cable Act; and c) any Educational and Governmental Channel pursuant to Section 611 of the Cable Act. All such signals shall be delivered to Subscribers in accordance with FCC technical specifications.

3.15 SIGNAL SCRAMBLING

Comcast shall at all times comply with FCC regulations regarding scrambling or other encryption of audio and video signals.

3.16 CONTINUITY OF SERVICE

Subscribers shall continue to receive Cable Service from Comcast provided their financial and other obligations to Comcast are honored. Subject to Force Majeure provisions in Section 9.1, Comcast shall use its best efforts to ensure that all Subscribers receive continuous, uninterrupted service regardless of the circumstances. For the purpose of construction, routine repairing or testing of the Cable System, Comcast shall use its best efforts to interrupt service only during periods of minimum use. When necessary service interruptions of more than twenty-four (24) hours can be anticipated, Comcast shall notify Subscribers in advance of such service interruption along with providing Subscribers with a pro-rata credit for the time of such service interruption.

SECTION 4 SUBSCRIBER SERVICE STANDARDS

4.1 OFFICE HOURS AND TELEPHONE AVAILABILITY

(a) Comcast shall provide and maintain a toll free telephone access line that will be available to Subscribers twenty-four (24) hours a day, seven (7) days a week. Trained representatives shall respond to Subscriber telephone inquiries during Normal Business Hours. After Normal Business Hours, the access line may be answered by a service or an automated response system. Inquiries received after Normal Business Hours must be responded to by a trained company representative on the next business day.

(b) Under Normal Operating Conditions and during Normal Business Hours, telephone answering time by a Subscriber representative, including wait time, shall not exceed thirty (30) seconds after the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety percent (90%) of the time, measured on a quarterly basis. Under Normal Operating Conditions, the Subscriber shall receive a busy signal less than three percent (3%) of the time.

(c) Comcast will not be required to perform surveys to measure compliance with the telephone answering standards above unless a historical record of Complaints indicates a clear failure to comply. If the Township determines, after receiving Complaints itself and/or receiving a record of Complaints made to Comcast in accordance with Sections 4.5 and/or 5.7(a), that there is a clear failure to comply with the telephone answering requirements above, the Township shall

notify Comcast in writing that it must measure its compliance with these requirements for the next three months and report to the Township the results of such monthly average measurements.

4.2 INSTALLATIONS AND SERVICE CALLS

(a) Comcast shall maintain a staff of employees sufficient to provide adequate and prompt service to its Subscribers. Comcast shall require that any employee or agent, including any subcontractor, who personally visits any residential dwelling, shall display a photo identification badge. Any vehicle used for installation, operation or maintenance activities by any Comcast employee or agent, including any subcontractor, shall prominently display the Comcast or Xfinity logo.

(b) Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those aerial installations that are located up to one hundred twenty-five (125) feet from the existing main distribution line.

(c) Upon scheduling of appointments with the Subscriber for installations, service calls and other activities, Comcast shall provide the Subscriber with either a specific time or an "appointment window" of a maximum of four (4) hours during Normal Business Hours. Comcast may schedule service calls and installation activities outside of Normal Business Hours at a time that is convenient for the Subscriber.

(d) Comcast may not cancel an appointment with a Subscriber after the close of business on the business day prior to the scheduled appointment. If, at any time, an installer or technician is running late, an attempt to contact the Subscriber must be made prior to the time of the appointment. If the appointment must be rescheduled, it must be done so at a time that is convenient for the Subscriber.

4.3 NOTICES

(a) In accordance with applicable federal law, Comcast shall provide written information to each Subscriber upon initial subscription, and at least annually to Subscribers and at any time upon request, regarding each of the following areas:

- (1) Products and services offered;
- (2) Prices and options for programming services and conditions of subscription to programming and other services;
- (3) Channel positions of programming carried on the Cable System;
- (4) Installation and service maintenance policies;
- (5) Instructions on how to use the Cable Service and any converters;
- (6) Billing and Subscriber complaint procedures;

(7) A notice of Subscriber privacy rights as required by federal law.

(b) In accordance with applicable law, Comcast shall notify Subscribers and the Township in writing of any changes in rates, programming services or channel positions a minimum of thirty (30) days in advance of such changes provided that such change is within the control of Comcast. Comcast shall not be required to provide prior notice to Subscribers of any rate change that is the result of a regulatory fee, Franchise Fee or any other fee, tax, assessment or charge of any kind imposed by any federal agency, the Commonwealth of Pennsylvania or the Township on the transaction between Comcast and the Subscriber. Advance notice is not required for the launch of new channels when offered on a subscription basis or added to an existing service tier at no additional cost to the Subscriber.

(c) The written notices required by this section may be provided electronically as permitted by 47 C.F.R. § 76.1600.

4.4 BILLING

(a) Bills shall be clear, concise and understandable. Bills must be fully itemized, and shall include all applicable service tiers, equipment charges and any installation or repair charges. Bills shall state the billing period, including an effective due date, the amount of current billing and any relevant credits or past due balances.

(b) The Township hereby requests that Comcast omit the Township's name, address, and telephone number from Subscriber bills as permitted by 47 C.F.R. § 76.952.

4.5 SUBSCRIBER COMPLAINT PROCEDURES

Comcast shall establish clear written procedures for resolving all Subscriber Complaints, which shall include at least the following:

(a) Comcast shall provide the Subscriber with a written response to a written Complaint within thirty (30) days of its receipt at the local business office. Such response shall include the results of its inquiry into the subject matter of the Complaint, its conclusions based on the inquiry, and its decision in response to the Complaint.

(b) If the Township is contacted directly about a Subscriber Complaint, it shall notify Comcast promptly and in writing. When Comcast receives such notification, Comcast shall respond in writing within the time period specified in Section 4.5(a).

(c) Any Subscriber who, in good faith, disputes all or part of any bill sent by Comcast has the option of withholding the disputed amount, without a late fee or disconnection, until Comcast has investigated the dispute in good faith and has made a determination that the amount is owed provided that:

(1) The Subscriber provides a written Complaint to Comcast in a timely fashion and includes identifying information;

(2) The Subscriber pays all undisputed charges;

(3) The Subscriber cooperates in determining the appropriateness of the charges in dispute; and

(4) It shall be within Comcast's sole discretion to determine when the dispute has been resolved.

(d) In accordance with applicable law, Comcast shall maintain Subscriber Complaint records for inspection by the affected Subscriber, which shall contain the date each Complaint is received, the name and address of the affected Subscriber, a description of the Complaint, the date of resolution of the Complaint, and a description of the resolution.

4.6 DISCONNECTION

Comcast may disconnect or terminate a Subscriber's service for cause:

(a) If at least thirty (30) days have elapsed from the due date of the bill that Subscriber has failed to pay; and

(b) If Comcast has provided at least ten (10) days' notice to the affected Subscriber prior to disconnection, specifying the effective date after which Cable Services are subject to disconnection; and

(c) If there is no pending written dispute with Comcast regarding the bill; or

(d) If at any time and without notice, Comcast determines in good faith that Subscriber has tampered with or abused Comcast's equipment or service, is engaged in theft of Cable Service or has exhibited violent or threatening behavior toward its employees.

4.7 SERVICE INTERRUPTIONS

(a) Excluding conditions beyond its control, Comcast shall begin working on a Service Interruption promptly and in no event later than twenty-four (24) hours after the Service Interruption becomes known and shall pursue to completion. Notice of a Service Interruption of a single Subscriber shall give rise to this obligation on behalf of Comcast. All other service calls not affecting public health, safety or welfare shall occur within a maximum of forty-eight (48) hours after notice to Comcast or scheduled at the convenience of the Subscriber.

(b) In the event that there is a Service Interruption to any Subscriber for six (6) or more consecutive hours and upon receipt of written or credible oral request, Comcast shall grant such Subscriber a pro rata credit or rebate, on a daily basis, of that portion of the service charge during

the next consecutive billing cycle, or, at its option, apply such credit to any outstanding balance that is currently due.

4.8 PRIVACY

Comcast shall comply with the privacy provisions of Section 631 of the Cable Act and all other applicable federal and state privacy laws and regulations. Comcast shall at all times maintain adequate physical, technical and administrative security safeguards to ensure that personally-identifiable Subscriber information is handled and protected strictly in accordance with this policy and all applicable laws and regulations.

SECTION 5 **REGULATION BY THE TOWNSHIP**

5.1 RIGHT TO INSPECT AND PROTECTION OF PROPRIETARY INFORMATION

(a) The Township shall have the option, upon thirty (30) business days' written notice and during Normal Business Hours, to inspect at the notice location for Comcast specified in Section 9.3, all documents, records and other pertinent information maintained by Comcast which relate to the terms and conditions of this Agreement for the purpose of verifying compliance with the terms and conditions of this Agreement and applicable law.

(b) In addition, Comcast shall maintain for inspection by the public and the Township all records required by the FCC and as specified in 47 C.F.R. § 76.305 in the manner specified therein.

(c) Notwithstanding anything to the contrary set forth herein, all information specifically marked by Comcast as proprietary or confidential in nature and furnished to the Township or its designated representatives shall be treated as confidential by the Township so long as it is permitted to do so under applicable law. Representatives and/or agents of the Township may be requested to execute a non-disclosure agreement prior to the provision by Comcast of certain confidential information, provided such representatives and/or agents are permitted to do so under applicable law. Information and documentation marked by Comcast as proprietary or confidential shall include a brief written explanation as to its proprietary nature or confidentiality subject to review by the Township. The Township and its officially designated representatives agree in advance to treat any such information or records which Comcast reasonably deems would provide an unfair advantage for Comcast's competitors (e.g. system design maps, engineering plans, programming contracts, etc.) as confidential so long as permitted to do so under applicable law and only to disclose it to Township employees, agents, or representatives who have a need to know or in order to enforce the provisions of this Agreement. In the event a request is made by an individual or entity not an employee, agent or representative of the Township acting in their official capacity for information related to the franchise and marked by Comcast as confidential and/or proprietary, the Township shall timely notify Comcast of such request and shall cooperate with Comcast in protecting its proprietary and confidential information to the extent permitted by applicable law. Comcast shall not be required to provide Subscriber information in violation of

Section 631 of the Cable Act, or information which is not relevant to regulation of the franchise (e.g. employee files, tax returns, etc.).

5.2 RIGHT TO CONDUCT COMPLIANCE REVIEW

Not more than twice during the term of this Agreement, the Township or its representatives may conduct a full compliance review with respect to whether Comcast has complied with the material terms and conditions of this Agreement so long as it provides Comcast with forty-five (45) days written notice in advance of the commencement of any such review. Such notice shall specifically reference the section(s) or subsection(s) of the Agreement that is (are) under review, so that Comcast may organize the necessary records and documents for appropriate review by the Township. Within thirty (30) days of a written request, Comcast shall provide the Township with copies of records and documents related to the cable compliance review. The period for any such review shall be for not more than the sixty (60) months immediately previous to the notice. The Township shall promptly inform Comcast in accordance with Section 8.1 of any alleged non-compliance issues that result from the compliance review.

5.3 RESERVED AUTHORITY

The Township reserves the regulatory authority arising from the Cable Act and any other applicable federal or state laws or regulations. Nothing in this Agreement shall remove, restrict or reduce the Township's authority, rights and privileges it now holds, or which hereafter may be conferred upon it, including any right to exercise its police powers in the regulation and control of the use of the Public Rights-of-Way.

5.4 POLICE POWERS

Comcast's rights under this Agreement are subject to the police powers of the Township to adopt and enforce general laws and regulations necessary for the safety and welfare of the public. Such laws and regulations are separate and distinct from the terms and conditions contained in this Agreement. If the Township's exercise of the police power results in a material alteration of the terms and conditions of this Agreement, then the parties shall negotiate amendments in good faith to this Agreement to the mutual satisfaction of both parties to ameliorate the negative effects on Comcast of the material alteration.

5.5 NO LIMITATION ON TAXING OR FEE AUTHORITY

Nothing in this section or in this Agreement shall be construed to limit the authority of the Township to impose any tax, fee or assessment of general applicability. Such taxes, fees or assessments shall be in addition to Franchise Fees.

5.6 PERMITS

Comcast shall apply to the Township for all generally-applicable required permits and shall not undertake any activities in the Public Rights-of-Way subject to a permit without receipt of such permit, the issuance of which shall not be unreasonably withheld by the Township.

Comcast shall not be required to obtain permits for Cable Service drops for individual Subscribers or for servicing or installation of pedestals or routine maintenance that does not disturb surface grade or impact vehicular traffic. Comcast shall pay any and all required permit fees.

5.7 REPORTING

In addition to the other reporting requirements contained in this Agreement, upon written request, Comcast shall provide the following reports to the Township:

(a) Subscriber Complaint Reports

Within thirty (30) days of a written request and no more than once per year, Comcast shall submit to the Township a report showing the number of Complaints, as defined in Section 1(g), that required a service call, originating from the Township and received during the previous 12-month reporting period, the dates they were received, summary descriptions of the Complaints, the dates the Complaints were resolved and summary descriptions of the resolutions.

In addition, and upon written request, Comcast shall provide a report containing at least the following statistical information for the previous 12-month period:

- (1) Number of repair service requests received;
- (2) Breakdown by type of complaint received (i.e. complete outage, snowy picture, etc.);
- (3) Breakdown by cause of problem (i.e. subscriber equipment, drop/converter, system, etc.);
- (4) Number of known service interruptions in excess of thirty (30) minutes and the approximate length of time of each such interruption

(b) Government Reports

Comcast shall provide to the Township, upon written request, copies of any and all communications, reports, documents, pleadings and notifications of any kind which Comcast has submitted to any federal, state or local regulatory agencies if such documents relate specifically to Comcast's Cable System within the Township. Comcast shall provide copies of such documents no later than thirty (30) days after their request.

SECTION 6
COMPENSATION TO THE TOWNSHIP

6.1 FRANCHISE FEES

Comcast shall pay to the Township an amount equal to five percent (5%) of the Gross Revenues derived from the operation of its Cable System to provide Cable Service in the Township. Comcast shall not deduct or otherwise credit against the Franchise Fee any tax, fee or assessment of general applicability, unless required by law. The Township may amend the Franchise Fee upon written notice to Comcast provided that the Franchise Fee may not exceed the maximum percentage permitted by law. A copy of the Resolution or Ordinance authorizing the Franchise Fee rate adjustment by the Township shall accompany such written notice. Any change in Comcast's Franchise Fee obligation contained herein shall commence within ninety (90) days from such written notice.

6.2 QUARTERLY PAYMENTS

Franchise Fee payments to the Township under this provision shall be computed at the end of each calendar quarter. Such payments shall be made within forty-five (45) days following the end of each of the first three calendar quarters and sixty (60) days after the fourth calendar quarter. Specifically, payments shall be due and payable on or before May 15 (for the first quarter), August 15 (for the second quarter), November 15 (for the third quarter), and March 1 (for the fourth quarter). In the event that any Franchise Fee payment is not made on or before the date by which it is due, then interest calculated at the then-current prime rate, as published by the Wall Street Journal, shall be added to the amount of Franchise Fee revenue due to the Township. The interest rate shall be applied as described from the date such Franchise Fee payment was originally due. No acceptance of any payment shall be construed as an accord that the amount paid is in fact the correct amount, nor shall acceptance of any payment be construed as a release of any claim the Township may have for additional sums payable under this Agreement. Upon request and if mutually agreeable, Comcast shall deposit the Franchise Fee payments electronically into an account as designated by the Township.

6.3 QUARTERLY REPORTS

Within ten (10) days of each Franchise Fee payment described in Section 6.2 above, Comcast shall provide a written report containing an accurate statement of Comcast's Gross Revenues received for Cable Services for each calendar quarter in connection with the operation of Comcast's Cable System and showing the basis for the computation of fees. Specifically, the report shall contain line items for sources of revenue received and the amount of revenue received from each source. The report shall be verified by a financial representative of Comcast.

6.4 FRANCHISE FEE REVIEW

Not more than twice during the franchise term, the Township shall have the right to conduct a Franchise Fee review or audit of Comcast's records reasonably related to the sources, amounts and computation of Gross Revenues. Any such Franchise Fee review or audit shall occur within

sixty (60) months from the date the Township receives such payment, after which period any such payment shall be considered final. Within thirty (30) days of a written request, Comcast shall provide the Township with copies of financial records related to the Franchise Fee review or audit.

(a) In the event of an alleged underpayment, the Township shall provide Comcast with a written statement indicating the basis for the alleged underpayment. If the Franchise Fee review or audit reveals that there have been no underpayments, the Township shall provide written notice to Comcast indicating that no underpayments were found and that the Franchise Fee review is closed. Comcast shall have thirty (30) days from the receipt of the statement regarding an alleged underpayment to provide the Township with any written objection to the results of the Franchise Fee review, including any substantiating documentation. Based on this exchange of information, the Township shall make a final determination of the underpayment(s), if any, within thirty (30) days of Comcast's objection and shall provide Comcast with written notice of the determination. If Comcast disputes the Township's final determination, it may submit the dispute to mediation or arbitration within thirty (30) days of receiving the Township's written notice of determination. In the event that Comcast fails to submit the matter to mediation or arbitration within the required time period, the Township's final determination shall be binding on Comcast.

(b) Any Franchise Fee payment due to the Township as a result of the Franchise Fee review shall be paid to the Township by Comcast within forty-five (45) days from the date the Township notifies Comcast of its final determination, or if the matter is submitted to mediation or litigation, within forty-five (45) days from the final disposition of such action. If the Franchise Fee review shows that Franchise Fees have been underpaid, then Comcast shall pay the underpaid amount plus interest from the due date equal to the then-current prime rate of interest as published in *The Wall Street Journal* on the underpayment amount. If Franchise Fees have been underpaid by five percent (5%) or more, then Comcast shall also pay up to three thousand dollars (\$3,000) of documented out-of-pocket costs of the Franchise Fee review. Any entity employed by the Township that performs an audit or franchise fee review shall not be permitted to be compensated on a success based formula, e.g. payment based upon underpayment of fees, if any.

6.5 BUNDLED SERVICES

All revenue earned from bundled services shall be allocated to Cable Service and non-Cable Service in accordance with generally accepted accounting principles (GAAP). It is understood that in some cases equipment and other non-service charges may be allocated at full retail price due to requirements related to sales taxes or similar tax requirements. To the extent such allocations are discretionary or otherwise not addressed by GAAP, allocations of revenue from such bundles shall not be structured for the purpose of evading franchise fees applicable to Cable Services.

SECTION 7
SERVICES TO THE COMMUNITY

7.1 SERVICES TO COMMUNITY FACILITIES

(a) Comcast shall provide a Cable Service drop and Basic Service with any necessary cable box to one outlet at each Public Building listed in Exhibit A. In accordance with applicable law, Comcast will charge the fair market value for each such account, which fair market value shall match the then-current rate card for the level of service provided. Comcast shall notify the Township in writing regarding the amount of the monthly service fee for each account based on fair market value. The Township shall then notify Comcast, within thirty (30) days of receiving the notice from Comcast, whether it wishes the amount due each month to be invoiced for payment or deducted from the next franchise fee payment. The Township may upgrade the level of Cable Service received at then current rate card prices for the higher level of service. The Township may also elect in writing not to receive the service, in which case it will not be invoiced and no deduction will be taken from the Franchise Fee.

(b) In the event the FCC's 2019 Third Report and Order In the Matter of Implementation of Section 621 of the Cable Act is reversed on appeal as to the issue of complimentary Cable Services as in-kind contributions in a cable franchise and such result becomes final within thirty (30) days of the result becoming final, Comcast will discontinue the charge for Basic Service for the Public Building locations listed in Exhibit A and provide such service on a complimentary basis. Any additional levels of Cable Service, outlets, or service locations ordered by the Township shall continue to be subject to standard rates.

(c) During the term of the Franchise, the Township may change a Public Building location listed in Exhibit A upon 90-days written notice to Comcast, provided that the new location is within 125 feet of existing Comcast cable distribution plant.

7.2 EDUCATIONAL AND GOVERNMENTAL (EG) CHANNEL

(a) Comcast shall continue to provide to the Township the use of two (2) Educational and Governmental ("EG") Access Channels in accordance with Section 611 of the Cable Act. Such EG Channels shall be used for community programming related to educational and/or governmental activities. The Township shall have complete control over the content, scheduling, administration and all other programming aspects of the EG Channels, and may delegate such functions, or a portion of such functions, to a designated access provider. Comcast shall not exercise any editorial control over EG Channel programming. Comcast shall cablecast the activated EG Channels so that they may be received by all Comcast Subscribers in the Township.

(b) To enable the Township to utilize the EG Channels, Comcast shall continue to maintain direct fiber links, including activation equipment capable of transmitting high quality video and audio between the video origination location and the Comcast headend such that live programming can originate from this selected location and be distributed via the Cable System to Subscribers in the Township. This fiber link and equipment shall be collectively known as the

“Return Line.” Comcast shall determine the engineering solution necessary to allow distribution of the EG Channels programming, via the Cable System, to Subscribers in the Township.

(c) Comcast shall be responsible for maintaining the Return Lines to the origination sites of the EG Channels so long as the Township provides Comcast with access to such location and access to the EG Channel equipment within such locations. Comcast shall provide, install and maintain in good working order the equipment and the cable necessary for transmitting the signal to the channel aggregation site for further processing and distribution to Subscribers. Comcast shall maintain the EG Channel in accordance with the same FCC technical specifications that are comparable to the specifications used to maintain commercial channels transmitted to Subscribers on the Cable system, except that it shall not be responsible for the technical signal quality of programming produced by any EG channel programmer.

(d) Any expenditure made in connection with the construction of the Return Line shall be at the expense of the Township. The Township and Comcast further agree that all costs incurred by Comcast for supporting such EG Channel, including any and all equipment, and EG capital support grants may be designated as “costs of franchise requirements” or “external costs” as defined by the FCC and Comcast reserves its right to pass these costs through to the Subscribers pursuant to federal law.

(e) The Township or its designee shall be responsible for providing any necessary production or playback equipment and shall be responsible for securing and supervising any trained/qualified personnel who conduct the operation of the EG channel. The Township and Comcast agree to work cooperatively in implementing the EG channel through such means and in such manner as shall be mutually satisfactory.

(f) Within one hundred eighty (180) days of a written request by the Township, Comcast shall, at the Township’s expense, relocate the EG origination site and the associated Return Line as follows: (i) Comcast’s obligation shall be subject to the same terms and conditions that apply to the original EG origination site in this Section; and (ii) the Township shall provide access to such site at least ninety (90) days prior to anticipated use of the new EG origination site. The timeline for relocation of the EG origination site shall be subject to the timely granting of any and all required permits, walk-out, make ready, and the detection of all underground utilities.

(g) In the event the Township or its designee does not program any EG Channel, Comcast may request the use of this channel subject to written approval by the Township. If the Township approves Comcast’s use of an EG Channel and, subsequent to such approval, the Township requests the utilization of the EG Channel being programmed by Comcast, Comcast shall relinquish such use no later than sixty (60) days after receipt of written notification from the Township that it requires such channel for educational and/or governmental use.

(h) Comcast shall use its best efforts to maintain the channel assignments for the current EG Channels as of the Effective Date. Notwithstanding the foregoing, in the event that Comcast deems a change in any EG Channel assignment to be necessary and changes any channel assignment in accordance with this Section, Comcast shall comply with the following requirements. Comcast shall provide the Township thirty (30) days advance written notice of any change in EG Channel assignments.

7.3 EG CAPITAL GRANT

Comcast shall provide the Township with a one-time EG capital grant to be used in support of the production of local EG Channel programming. The Township shall ensure the use of the EG capital grant is consistent with federal law. The EG grant provided by Comcast shall be in the amount of \$53,154. Such grant is to be paid to the Township within ninety (90) days of the Effective Date of this Agreement. Comcast and the Township agree that the cost of such grant may be designated as a “cost of franchise requirements” or “external cost” as defined by the FCC and Comcast reserves its right to pass these costs through to the Subscribers.

SECTION 8 **ENFORCEMENT, INSURANCE AND INDEMINIFICATION**

8.1 VIOLATIONS AND OPPORTUNITY TO CURE

(a) If the Township has reason to believe that Comcast violated any material provision of this Agreement, it shall notify Comcast in writing of the nature of such violation and the section(s) of this Agreement that it believes has been violated and the details relating thereto. The person providing such notice shall do so pursuant to the requisite authority of the Township.

(b) Comcast shall have forty-five (45) days to cure such violation after written notice is received by taking reasonable steps to comply with the terms of this Agreement. If the nature of the violation is such that it cannot be fully cured within forty-five (45) days, the period of time in which Comcast must cure the violation shall be extended by the Township in writing for such additional time necessary to complete the cure, provided that Comcast shall have promptly commenced to cure and is taking reasonable steps to complete the cure in the reasonable judgment of the Township.

(c) If the violation has not been cured within the time period allowed under Section 8.1(b) and, in the Township’s judgment, Comcast has not taken reasonable steps to cure the violation, then the Township may deem that Comcast is liable for liquidated damages and/or any other right or remedy in accordance with this Section 8.

8.2 LIQUIDATED DAMAGES

(a) Because Comcast’s failure to comply with the material terms of this Agreement may result in harm to the Township and because it will be difficult to measure the extent of such injury, the Township may assess liquidated damages against Comcast in the amount of Two Hundred Fifty Dollars (\$250.00) per day for each day the violation continues, provided Comcast has had an opportunity to cure in accordance with Section 8.1(b). Such damages shall not be a substitute for specific performance by Comcast, but shall be in addition to such specific performance.

(b) The first day for which liquidated damages may be assessed, if there has been no cure after the end of the applicable cure period, shall be the day after the end of the applicable cure

period, including any extension of the cure period granted by the Township. Liquidated damages may not be assessed for a time period exceeding one hundred and twenty (120) days per violation. The Township may commence revocation proceedings and/or initiate an action in law or equity in a court of competent jurisdiction after the assessment of liquidated damages or in lieu of liquidated damages. With respect to liquidated damages assessed, all similar violations or failures resulting from the same factual events affecting multiple Subscribers shall be assessed as a single violation.

8.3 REVOCAION

(a) In addition to the other rights, powers and remedies retained by the Township under this Agreement, the Township reserves the separate and distinct right to revoke this Franchise if:

(1) It is demonstrated that Comcast practiced any fraud or deceit upon the Township in the operation of its Cable System or any other activities pursuant to this Agreement;

(2) Comcast repeatedly fails, after notice and opportunity to cure, to maintain signal quality pursuant to the standards provided for by the FCC or the technical requirements set forth in Section 3.1;

(3) Comcast repeatedly violates, after notice and opportunity to cure, one or more of the material terms or conditions of this Agreement;

(b) The foregoing shall not constitute a violation of a material term or condition if the violation occurs without the fault of Comcast or occurs as a result of circumstances beyond its control or by reason of Force Majeure as defined in Section 9.1. Comcast shall not be excused from the performance of any of its obligations under this Franchise by mere economic hardship or by the misfeasance or malfeasance of its directors, officers or employees.

(c) A revocation shall be declared only by a written decision of the Township Board of Supervisors after an appropriate public hearing that shall afford Comcast due process and full opportunity to be heard. This shall include the ability to introduce evidence, to question witnesses and to respond to any notice of grounds to terminate in accordance with the standards of a fair hearing applicable to administrative hearings in the Commonwealth of Pennsylvania. All notice requirements shall be met by providing Comcast at least thirty (30) days prior written notice (via certified mail-return receipt requested) of any public hearing concerning the proposed revocation of this franchise. Such notice shall state the grounds for revocation. The Township, after a public hearing and upon finding the existence of grounds for revocation, may either declare this franchise terminated or excuse such grounds upon a showing by Comcast of mitigating circumstances or good cause for the existence of such grounds. The Township shall issue such declaration and finding within thirty (30) days in a written decision which shall be sent via certified or overnight mail to Comcast. If Comcast appeals such determination to an appropriate court, the revocation shall be stayed.

8.4 PERFORMANCE BOND

(a) Comcast shall obtain and maintain, throughout the term of this Agreement, at its sole cost and expense, a performance bond with a surety company licensed to do business in the Commonwealth of Pennsylvania to ensure Comcast's faithful performance of its obligations. The performance bond shall provide that the Township may recover from the principal and surety any and all liquidated damages and/or compensatory damages incurred by the Township for Comcast's violations of this Agreement, after notice and opportunity to cure, in accordance with Sections 8.1 and 8.2.

(b) The performance bond shall be in the amount of Twenty-Five Thousand Dollars (\$25,000). Comcast shall not reduce, cancel or materially change said bond from the requirement contained herein without the express prior written permission of the Township.

8.5 INSURANCE

(a) Comcast shall obtain and maintain, in full force and effect, at its sole cost and expense, during the Franchise term, the following minimum insurance coverage with an insurance company that is authorized to conduct business in Pennsylvania and which has an A.M. Best rating (or equivalent) no less than A-minus VII, indemnifying the Township from and against any and all claims for injury or damage to persons or property, both real and personal, caused by the construction, installation, reconstruction, operation, maintenance or removal of the Cable system by Comcast or any of its contractors, subcontractors, agents or employees in the following amounts:

(1) The amount of such insurance against liability for damage to property shall be no less than One Million Dollars (\$1,000,000) as to any one (1) occurrence.

(2) The amount of such insurance against liability for injury or death to any person shall be no less than One Million Dollars (\$1,000,000).

(3) The amount of such insurance for excess liability shall be Three Million Dollars (\$3,000,000) in umbrella form.

(4) The amount of such insurance against all claims arising out of the operation of motor vehicles shall be One Million Dollars (\$1,000,000) combined single limit per occurrence.

(b) The Township, its officials and employees, shall be designated as additional insureds under each of the insurance policies required in this Section 8.5.

(c) Comcast shall not cancel any required insurance policy without obtaining alternative insurance in conformance with this Section 8.5 and without submitting insurance certificates to the Township verifying that Comcast has obtained such alternative insurance. Comcast shall provide the Township with at least thirty (30) days prior written notice in the event the policies are cancelled or not renewed.

(d) Comcast shall deliver to the Township Certificates of Insurance showing evidence of the required coverage within thirty (30) days of a written request by the Township.

8.6 INDEMNIFICATION

Comcast shall indemnify, defend, save and hold harmless the Township, its elected and appointed officials, officers, agents and employees acting in their official capacities, from claims for injury, loss, liability, cost or expense arising in whole or in part from, caused by or connected with any act or omission of Comcast, its officers, agents, contractors, subcontractors or employees, arising out of, but not limited to, the construction, installation, upgrade, reconstruction, operation, maintenance or removal of the Cable System. The Township shall give Comcast timely written notice of its obligation to indemnify and defend the Township. The obligation to indemnify, defend, save and hold the Township harmless shall include, but not be limited to, the obligation to pay judgments, injuries, liabilities, damages, penalties, and reasonable attorneys' fees. If the Township determines that it is necessary for it to employ separate counsel, in addition to that provided by Comcast, the cost for such separate counsel shall be the responsibility of the Township. Comcast shall not indemnify the Township for any claims resulting from acts of willful misconduct or negligence on the part of the Township.

SECTION 9 **MISCELLANEOUS**

If such removal is not completed within six (6) months of such lawful termination or revocation, the Township or property owner may deem any property not removed as having been abandoned and the Township may remove it at Comcast's cost.

(b) During the term of the Agreement, if Comcast decides to abandon or no longer use all or part of its Cable System, it shall give the Township written notice of its intent at least ninety (90) days prior to the announcement of such decision, which notice shall describe the property and its location. Upon Comcast's abandonment of the Cable System, the Township shall have the right

to either require Comcast to remove the property, remove the property itself and charge Comcast with the reasonable costs related thereto.

(c) Notwithstanding the above, Comcast shall not be required to remove its Cable System, or to relocate the Cable System, or to sell the Cable System, or any portion thereof as a result of revocation, denial of renewal, or any other lawful action to forbid or disallow Comcast from providing Cable Services, if the Cable System is actively being used to facilitate any other services not governed by the Cable Act.

Important Flood Notification

Your policy **excludes/or limits** coverage for flood. **We recommend that you purchase flood insurance on all properties that you own and/or occupy.** Coverage is available for tenants improvements & betterments.

Flood is a general and temporary condition where two or more acres of normally dry land or two or more properties are inundated by water or mudflow from:

- Overflow of inland or tidal waters.
- The unusual and rapid accumulation or runoff of surface waters from any source.
- Mudslides (i.e. mudflows) which are proximately caused by flood, and are akin to a river of liquid and flowing mud on the surface of normally dry land areas.
- The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding the cyclical levels which results in flood.

If you already have flood coverage, please note that we recommend that you purchase limits on your flood policy that are equal to your property policy. Excess flood coverage may also be available to you upon request.

VACANT/UNOCCUPIED BUILDINGS

BACKGROUND

All property policies include a condition that limits or reduces coverage when a building is vacant beyond a certain period of time. For certain causes of loss, coverage is completely eliminated. In most cases, policies or coverage forms that apply to commercial property require additional premium and attachment of a permit in order for insurance to continue during a period of vacancy.

POLICY DEFINITIONS

Insurance companies are interested in insuring successful, ongoing businesses. As a result, pricing is based on an active occupancy. If a property is vacant, pricing is subject to a significant surcharge. Since vacancy is often only discovered after a loss, the loss conditions in the coverage form limit coverage if the vacancy is not disclosed before the loss occurs.

Before any restriction can be imposed, the insurance company must define exactly what is meant by "vacancy."

- Tenant: If the insured is a tenant, and coverage applies to the insured's interest as a tenant for the property, building is defined as the unit, suite or space rented by or leased to the tenant. The building is considered vacant when it no longer contains enough business personal property to conduct the customary operations of the insured tenant.
- Building Owner or General Lessee: If the insured is the building owner or a general lessee, building is defined as the entire building. The building is considered vacant:
 - Unless it is at least 31% of the total square foot area is rented to a lessee or sub-lessee and used by the lessee or sub-lessee to conduct its customary operations; or
 - Unless it is used by the building owner to conduct its customary operations.
- Buildings under construction: Buildings under construction or renovation are not considered vacant.

VACANCY PROVISIONS

Now that vacancy is defined, the vacancy condition can be stated. If the building where loss or damage occurs, as defined above, is vacant for more than 60 consecutive days before the loss:

- The insurance company pays nothing if the loss is caused by or results from vandalism, sprinkler leakage, unless the system was protected against freezing, breakage of building glass, water damage, theft or attempted theft.
- The insurance company reduces any loss amount by 15% if the claim is due to any other covered cause of loss not listed above.

Notice Regarding Certificate Requirements, Contract Review and Additional Insured's

Our agency will review contracts and requirements for certificates of insurance as needed. The scope of our review is to determine if the current insurance program which you have placed through our agency addresses the types and amounts of insurance coverage referenced by the contract.

We will identify the significant insurance obligations required and compare them to your current insurance program.

In performing this review, our Agency is not providing legal advice or a legal opinion concerning any portion of the contract. In addition, our Agency cannot identify all potential liability that may arise under this contract.

Please note that most contracts are broader in scope than coverage provided by any insurance policy. For example, the term "any and all claims" is broader than any insurance policy can cover.

In regards to additional insured's, most general liability policies have an automatic extension endorsement that extends coverage to landlords and funding sources if there is a contract that requires it. Please note, however, that it does not extend coverage to these parties for professional liability or abuse. Many carriers are not willing to provide this coverage and you should contact our service team to discuss.

This review is provided for your information, and should not be relied upon by third parties. Any description of the insurance coverages are subject to the terms, conditions, exclusions and other provisions of the policies and any applicable regulations, rating rules or plans.

Understanding the Claims Made Policy

What is a Claims-Made Policy?

The claims-made insurance policy provides financial protection for all claims presented during the current policy year, providing the claim occurred after the prior acts date.

To understand the claims-made policy, we will define:

Current Policy Year:

The policy year begins on the effective date shown on the policy and expires on the expiration date also shown on the policy. The policy's effective and expiration dates change with yearly renewal of the policy. The "prior acts" or "retroactive date" remains the same, so you are protected for incidents that occurred in prior years by the current policy.

Prior Acts or Retroactive Date:

This is the date (shown on your policy) that dictates if a claim is eligible to be covered. Any claims occurring after this date, presented during the current policy year, are eligible for coverage by your current policy.

Supplemental Extended Reporting Period (Tail coverage):

Should the policy be cancelled or non-renewed, you may be entitled to purchase insurance protection for any claim which may be after the cancellation date. The premium which is charged for this insurance is based upon the number of years you have been insured (prior acts years) and the limits purchased.

Cyber Liability Fact Sheet

Did you know?????

- Half of all small and midsize businesses in the U.S. experienced a data breach in the past year and 55% experienced a cyberattack.
- Nearly 40% of businesses have experienced a ransomware attack in the last year and of these, more than 1/3 lost revenue.
- Of all the cyber incidents tracked by Advisen, attacks against small and midsize business represent about 40% of the total.

Cyber liability coverage is insurance coverage for liability that arises out of unauthorized use of, or unauthorized access to, electronic data or software within your network or business. Cyber liability policies also provide coverage for liability claims for spreading a virus or malicious code, computer theft, extortion, or any unintentional act, mistake, error, or omission made by your employees while performing their job. Traditional insurance policies, such as your general liability and computer policies do not cover these unique exposures.

The following are some examples of the coverage available on this type of insurance policy. The policies typically allow you to purchase the specific coverage you wish to have:

- Claims arising out of negligence as respects privacy laws.
- Claims arising out of negligence as respects unauthorized access to your system and failure to prevent identity theft.
- Claims arising out of negligence from your website and internet based activities
- Notification expense should a breach occur where notifications of all affected parties is required by current laws and statutes.
- Credit Monitoring Expense where required
- Crisis Management Expense to mitigate harm to your reputation due to a breach
- Fines and penalties associated with Data Privacy Regulatory Proceedings
- Investigation Expenses

Why Do You Need Cyber?

Your General Liability policy isn't enough.

General Liability (GL) policies **do not** cover the loss exposures covered by cyber insurance policies. Think you're not at risk of cyber attack? Think again.

- 58% of cyber loss victims are small to midsize businesses.
- 36% of claims for Coalition policyholders result from a business email compromise.
- Coalition SMB policyholders experienced an average claim of \$160,000.

Over 90% of security incidents are caused by human error. Can you afford **not** to have cyber insurance?

The most innovative and comprehensive coverage available.

Coalition covers more of the financial, tangible, and intangible exposures your business faces as than any other insurance company.

Ransomware

A hacker has encrypted all of your files and won't unlock them until you pay a ransom. Not to worry, we'll cover the costs to restore your data and get you up and running again.

Wire Fraud and Social Engineering

A funds transfer request is sent to your controller by someone pretending to be your CEO. The funds may be out the door, but at least you're not out of pocket—we've got you covered.

Phishing and Data Breaches

A hacker gains access to an employee's email or breaches your network. We'll cover costs to fix the problem and breach related expenses such as credit monitoring and regulatory penalties.

There were \$1 billion in estimated hacking losses suffered by cryptocurrency exchanges last year alone. You need the most comprehensive protection. That's Coalition.

State-of-the-art cybersecurity

Our cybersecurity platform includes 24/7 monitoring, automated security alerts, employee training, and security experts to prevent cyber incidents before they occur.

Best-in-class cyber insurance

We protect the value of your business including financial, intangible, and tangible damage with up to \$15M of the most comprehensive cyber insurance.

Cyber Liability Claim Examples

The average cost of a data breach is \$204 per lost record, with more than half of such costs attributable to lost customers and the associated public relations expenses to rebuild an organization's reputation.¹ The below examples illustrate situations in which the costs incurred to remediate a data breach were significant.

Unauthorized Access

An international computer hacking group gained access electronically to the computerized cash registers of a restaurant chain and stole credit card information of 5,000 customers, starting a flood of fraudulent purchases around the world.

Theft of Digital Assets

A regional retailer contracted with a third party service provider. A burglar stole two laptops from the service provider containing the data of over 800,000 clients of the retailer. Under applicable notification laws, the retailer - not the service provider - was required to notify affected individuals. Total expenses incurred for notification and crisis management to customers was nearly \$5M.

Privacy Breach

An employee of a rehabilitation center improperly disposed of 4,000 client records in violation of the center's privacy policy. The records contained social security numbers, credit and debit card account numbers, names, addresses, telephone numbers, as well as sensitive medical information. The center settled the claim with the state of Massachusetts and agreed to pay fines and penalties imposed by the state as well as extend \$890,000 in customer redress funds for credit monitoring on behalf of the victims.

Theft of Digital Assets

A home healthcare organization had back-up tapes, laptops, and disks containing social security numbers, clinical and demographic information, and in a small number of cases, patient financial data that was stolen. In total, over 365,000 patient records were exposed. The organization settled with the state attorney general, providing patients with free credit monitoring, credit restoration to patients that were victims of identity fraud, and reimbursement to patients for direct losses that resulted from the data breach. The organization was also required to revamp its security policies, implement technical safeguards, and conduct random compliance audits.

Human Error

A non-profit community action corporation printed two 1099 forms on one piece of paper. An employee was supposed to separate the forms and send each to its rightful owner. Instead, one person received both copies. The mistake sent tax forms and social security numbers to strangers. Approximately 50% of the landlords who work with the community action corporation received their forms in addition to the private information of the others.

Cyber Extortion Threat

A U.S. based information technology company contracted with an overseas software vendor. The contracted vendor left universal "administrator" defaults installed on the company's server and a "Hacker for Hire" was paid \$20,000 to exploit such vulnerability. The hacker advised if the requested payment was not made he would post the records of millions of registered users on a blog available for all to see. The extortion expenses and extortion monies are expected to exceed \$2M.

Human Error

An employee of a private high school mistakenly distributed via e-mail the names, social security numbers, birthdates, and medical information of students and faculty, creating a privacy breach. Overall, 1,250 individuals' information was compromised.

Malicious Code

A juvenile released a computer worm directing infected computers to launch a denial of service attack against a regional computer consulting & application outsourcing firm. The infection caused an 18 hour shutdown of the entity's computer systems. The computer consulting & application outsourcing firm incurred extensive costs and expenses to repair and restore their system as well as business interruption expenses which totaled approximately \$875,000. ¹Ponemon Institute, 4/2009 Global Cost of a Data Breach Study.

Compensation. In addition to the commissions or fees received by us for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages, other parties, such as excess and surplus lines brokers, wholesale brokers, reinsurance intermediaries, underwriting managers and similar parties, some of which may be owned in whole or in part by Brown & Brown, Inc., may also receive compensation for their role in providing insurance products or services to you pursuant to their separate contracts with insurance or reinsurance carriers. That compensation is derived from your premium payments. Additionally, it is possible that we, or our corporate parents or affiliates, may receive contingent payments or allowances from insurers based on factors which are not client-specific, such as the performance and/or size of an overall book of business produced with an insurer. We generally do not know if such a contingent payment will be made by a particular insurer, or the amount of any such contingent payments, until the underwriting year is closed. That compensation is partially derived from your premium dollars, after being combined (or “pooled”) with the premium dollars of other insureds that have purchased similar types of coverage. We may also receive invitations to programs sponsored and paid for by insurance carriers to inform brokers regarding their products and services, including possible participation in company-sponsored events such as trips, seminars, and advisory council meetings, based upon the total volume of business placed with the carrier you select. We may, on occasion, receive loans or credit from insurance companies. Additionally, in the ordinary course of our business, we may receive and retain interest on premiums you pay from the date we receive them until the date of premiums are remitted to the insurance company or intermediary. In the event that we assist with placement and other details of arranging for the financing of your insurance premium, we may also receive a fee from the premium finance company.

If an intermediary is utilized in the placement of coverage, the intermediary may or may not be owned in whole or part by Brown & Brown, Inc. or its subsidiaries. Brown & Brown entities operate independently and are not required to utilize other companies owned by Brown & Brown, Inc., but routinely do so. In addition to providing access to the insurance company, the Wholesale Insurance Broker/Managing General Agent may provide additional services including, but not limited to: underwriting; loss control; risk placement; coverage review; claims coordination with insurance company; and policy issuance. Compensation paid for those services is derived from your premium payment, which may on average be 15% of the premium you pay for coverage, and may include additional fees charged by the intermediary.

Actual Cash Value - This valuation method pays for the cost to repair or replace damaged property with like kind and quality, less reasonable deductions for wear and tear, deterioration and economic obsolescence.

Basic Causes of Loss - Protection for specified causes of loss: eg. fire, lightning, explosion, windstorm, hail smoke (except from agricultural smudging or industrial operations), aircraft, vehicles, riot, civil commotion, vandalism, sprinkler leakage, sinkhole collapse and volcanic action.

Blanket Coverage - A single limit of insurance, that applies to two or more property items at one location, or to two or more kinds of property at several locations. If the amount of insurance carried is less than what is required by this clause, any claim payment may be reduced by the same percentage as the deficiency.

PROPERTY TERMS *(continued)*

Deductible – The amount that will be deducted from any payment made to you because of a covered loss.

Earthquake Coverage - Protection for loss due to earth movement including earthquake shocks and volcanic eruption. Refer to policy for specific definitions of “earthquake”

Equipment and Machinery - Coverage applies not only to boilers, but includes pressure vessels, compressors, motors, internal combustion engines, fans, pumps, generators, transformers and other miscellaneous electrical equipment. This includes electrical business and communications systems and heating air conditioning equipment. Coverage includes perils normally excluded in the package policy, such as pressure failures and other accidents to boilers and pressure vessels, mechanical breakdown and electrical breakdown. In addition, it covers many hazards that warranties and maintenance contracts do not, such as operator error, faulty workmanship, poor maintenance, acts of utility companies, business interruption/extra expense, spoilage or even resulting damage to property.

Flood Coverage - Protection against loss due to water damage arising from flooding, surface water, tides, tidal waves, and the overflow of any body of water. Refer to policy for specific definitions of “flood”. Building is defined as a structure with two or more outside rigid walls and a fully secured roof, that is affixed to a permanent site for the purposes of the NFIP flood program.

Protective Safeguards - As a condition of insurance, you are required to maintain the protective devices and/or services listed in the policy such as automatic alarms, sprinkler systems and/or, security services. Failure to do so may exclude coverage should a fire occur.

Replacement Cost - This loss valuation method pays for the cost to repair or replace damaged items with like kind and quality without deduction for depreciation. This is important since you could face a substantial loss if you must replace property at today’s prices but receive only the depreciated value of the property that was destroyed.

Special Causes of Loss – Protection against direct loss arising from any cause not specifically excluded. The advantage of this form is that the insurance company must prove that a loss is specifically excluded in order to deny coverage under the policy.

This coverage protects you against losses caused by theft, robbery, and safe burglary when caused by persons other than employees.

AUTOMOBILE TERMS

Broad Form Drive Other Car Coverage – Provides coverage for individual named on the endorsement and spouse for use of non-owned car, sometimes referred to as “Borrowed Car” coverage. This should be purchased if you do not have a personal auto policy.

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Collision – Pays for loss of, or damage to, automobiles from collision with another object or upset.

Comprehensive – Pays for loss of or damage to, automobiles from perils other than collision.

Personal Injury Protections – Coverage is included for vehicle passengers under no-fault law provisions, as available or required by state statutes.

Uninsured Motorists (UM) – Protects insureds who are not contributory negligent for bodily injury caused by third-party drivers who are negligent and do not have any insurance to pay for losses and damages. Uninsured Motorists Coverage may be available in two different forms:

Non-Stacked UM – Will provide you with the limit of uninsured motorists' coverage shown in your policy schedule, regardless of how many vehicles you own.

Stacked UM – Will provide you with the sum of limit of uninsured motorists' coverage shown in your policy schedule. If there is more than one covered auto, the limit of insurance for the accident would be the sum of the limits for all those owned autos, which are, covered autos. (Example: If your limit is \$100,000 and you are insuring three vehicles, the maximum paid would be the sum of the coverage's, or \$300,000).

Underinsured Motorists (UIM) - Protects insureds who are not contributory negligent against bodily injury caused by third-party drivers who are negligent and do not carry enough insurance to pay for all losses and damages.

Hired Automobiles – Covers the liability for the use of hired automobiles in your business.

Non-Owned Automobiles – Covers the liability for the use of non-owned automobiles in your business. An example would be an employee using his own car on an errand for you.

LIABILITY TERMS

Advertising Injury - Covers, subject to conditions and exclusions, publication of material that slanders or libels a person or organization. Material that violates a person's right of privacy, or misappropriation of advertising ideas, and infringement of copy right.

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Broad Form Property Damage - Modifies the care, custody, and control exclusion to provide property damage coverage in areas that you are working.

Claims-Made Form – Coverage only applies for claims made first during the policy period and that occurred on or after the "Retroactive Date" identified in the policy. If available, "Full Prior Acts" in place of a "Retroactive Date" eliminates the "Retroactive Date" provision.

Contractual Liability - Extends your coverage to liability assumed under contract, applies to both oral and written agreements relating to the named insured's business; e.g. when the insured signs an agreement which has a "hold harmless clause" and/or "indemnification agreement" in it, this provides the bodily injury and property damage tort liability exposure associated with these clauses. Coverage is subject to the terms and conditions of your liability policy.

Employment Practices Liability - Typically excluded under the General Liability coverage form but available for purchase through specialty carriers, this covers lawsuits brought by employees (past, present or prospects), or governmental entities against the insured employer, alleging wrongful discharge, discrimination or certain types of harassment. Companies have developed their own forms and they vary tremendously.

Employee Benefit Liability - This is an optional coverage available on the General Liability policy and it is designed to cover the cost to employees that result from incorrect information provided regarding their employee benefits. This DOES NOT INCLUDE fiduciary responsibilities or any discrimination or harassment situations. A simple example is not providing the employee with the appropriate COBRA information following termination that results in the ex-employee losing benefits. Coverage is provided by most carriers on their own filed forms.

Excess Liability – Provides additional limits excess the underlying liability policies. Typically on a following form basis. In case of a conflict, the underlying policy provisions usually take precedence.

Extended Bodily Injury - Bodily Injury or Property Damage expected or intended by an insured is excluded. This exclusion does not apply to bodily injury resulting from the use of reasonable force to protect persons or property.

Fire Damage Legal Liability - Intended for tenant or lessee of a commercial building who does not agree under contract to be responsible for the building, or for that part of the building, which is in its care, custody or control. Coverage is for one peril, fire, when fire is the result of an insured's negligence.

LEHIGH VALLEY

LIABILITY TERMS *(continued)*

Host Liquor Liability - If you are not in the business selling or providing alcohol this covers your incidental exposure when you provide alcohol to someone. Under State law, you may be held responsible for the actions of that person and this coverage protects you for those claims.

Incidental Medical Malpractice - Provides coverage should you apply medical aid to an injured person and then that person turns around and sues, alleging that the medical aid was improper.

Independent Contractors - Covers your liability when you hire a subcontractor to work on your premises or job site. Does not cover the subcontractor, but covers only your liability for their actions. They must be adequately insured to avoid additional charges to you.

Limited Worldwide Liability - Expands the basic policy territory to include coverage for injury or damage caused by goods or products made or sold by you in the USA, Puerto Rico and Canada to a worldwide basis. This coverage does not apply to completed operations.

Medical Payments - This is strictly a "good will" coverage designed to pay medical bills for bodily injury which occurs on your premises without regard to your legal liability. (Does not apply to employees or your tenants.)

Newly Acquired organizations - Automatic protection for newly acquired organizations until the new organizations are specifically added to the policy or 90 days, whichever occurs first.

Non-Owned Watercraft Liability Coverage - (Under 26 feet in length) Provides coverage for liability, which arises from any watercraft, as long as the watercraft is not owned by the insured nor being used to carry persons or property for a fee.

Occurrence Form - Provides coverage for losses that occurred during the policy period. Unlike the claims made form, coverage applies even if the claim is made after the policy period. An "occurrence" means an accident, including continuous repeated exposure to substantially the same harmful conditions.

Personal Injury—Covers claims for libel, slander, false arrest, invasion of privacy, malicious prosecution, and wrongful entry or eviction.

Premises Medical Expenses - Made if there is reason to believe that the resulting injury would not have occurred but for some condition on the insured premises or operations conducted by the insured. Negligence of the insured need not be established.

Premises/Operations - The liability policy covers suits or claims arising out of premises you own, rent or occupy and operations conducted from these premises.

Products/Completed Operations - After the work is completed and turned over to the customer, this coverage would protect you for bodily injury or property damage claims arising out of the completed products or work. Does not cover the work itself or any recall expense you incur.

EXCESS / UMBRELLA LIABILITY TERMS

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Cross Liability - Claims where one insured sues another insured. Typically this is excluded in umbrella and excess liability policies.

Excess Liability – Provides additional insurance excess the underlying liability policies. Typically on a following form basis.

Indemnity – This is the insuring agreement clause found in most umbrella policies, as opposed to the pay on behalf agreement. When the indemnity insuring clause is used, the insurer will indemnify or reimburse the insured for those sums of money the insured becomes obligated to pay by reason of liability imposed upon the insured by law or assumed.

Limits of Insurance – All umbrella liability policies contain an Each Occurrence limit of insurance. Some umbrella liability policies may have a separate limit that applies to all personal and advertising injury for one person or for the organization. Also, some policies are written with aggregate limits for only one type of loss. Umbrella policies can be written with several different variations of the aggregate limits. There are no standard umbrella policy limits.

Pay on Behalf - An insuring agreement used in some umbrella policies. The agreement promises to make direct payment on behalf of the insured for those sums of money the insured becomes legally obligated to pay because of liability imposed upon the insured by law or assumed under contract.

Self -Insured Retention - Applies when a loss is excluded from coverage under the primary policy, but not excluded under the umbrella policy. This is the amount of the loss you must pay before the umbrella policy would be required to respond.

Umbrella – Provides excess liability coverage over a schedule of your primary liability policies. Umbrella policies have three functions:

1. To provide additional limits above the “Each Occurrence” limit of your primary liability policies.
2. To take the place of primary insurance when primary aggregate limits are reduced or exhausted.
3. To provide broader coverage for some claims that would not be covered by your primary insurance policies. This broader coverage is subject to the umbrella policy's self-insured retention.

WORKER'S COMPENSATION TERMS

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Employer's Liability – This coverage is part of standard workers compensation policies and applies in addition to coverage for payment of workers compensation benefits. Situations develop from time to time where an employer is liable for injuries to its employees and can be sued. Examples of the situations include:

- Claims for injuries or diseases not covered by state workers compensation laws;
- Intentional tort claims;
- Third-party over actions;
- Consequential injuries to an injured employee's family members, such as loss of services or loss of consortium; and
- Dual capacity claims, in which an employer is said to also be in an additional capacity. This is one involving its relationship to the public and for which it can be held liable for employee injury damages under common law, liability or tort principles.

The commercial general liability policy specifically excludes coverage for all these situations and loss exposures.

1. Bodily Injury By Accident - This amount is the most an insurer will pay under Coverage (B) for all claims arising from any one accident, regardless of how many employees are involved in the accident
2. Bodily Injury By Disease (Policy Limit) - This is the aggregate limit the insurer will pay under Coverage (B) for all claims sustaining bodily injury by disease during the policy period.
3. Bodily Injury By Disease (Each Employee) - This amount is the most an insurer will pay under Coverage (B) for damages due to bodily injury by disease to any one employee.

Officer / Partner Exclusion – In some states, workers compensation law allows an insured to include or exclude Executive Officers and Partners, or both, from coverage. Adding this endorsement designates the individuals not covered under the policy.

Other States Insurance – This provides workers compensation coverage's if the insured expands operations into other states not declared at the time the policy is issued or renewed. If the insured elects this coverage and operations begin in a state listed under other states, the insurer provides the same coverage as if the state was declared in the policy at the time of the policy

LEHIGH VALLEY

WORKER'S COMPENSATION TERMS - Continued

Worker's Compensation Insurance (Statutory) - This coverage agreement obligates the insurer to pay all compensation and other benefits required of the insured by the workers compensation law or occupational disease law of any state listed in the policy. The coverage applies to bodily injury by accident and by disease. Coverage (A) shows no dollar limit for the benefits provided since any applicable limits would be those established within the law. Benefits under coverage (A) are paid to the employee without regard to fault.

VACANT/UNOCCUPIED BUILDINGS

BACKGROUND

All property policies include a condition that limits or reduces coverage when a building is vacant beyond a certain period of time. For certain causes of loss, coverage is completely eliminated. In most cases, policies or coverage forms that apply to commercial property require additional premium and attachment of a permit in order for insurance to continue during a period of vacancy.

POLICY DEFINITIONS

Insurance companies are interested in insuring successful, ongoing businesses. As a result, pricing is based on an active occupancy. If a property is vacant, pricing is subject to a significant surcharge. Since vacancy is often only discovered after a loss, the loss conditions in the coverage form limit coverage if the vacancy is not disclosed before the loss occurs.

Before any restriction can be imposed, the insurance company must define exactly what is meant by "vacancy."

- Tenant: If the insured is a tenant, and coverage applies to the insured's interest as a tenant for the property, building is defined as the unit, suite or space rented by or leased to the tenant. The building is considered vacant when it no longer contains enough business personal property to conduct the customary operations of the insured tenant.
- Building Owner or General Lessee: If the insured is the building owner or a general lessee, building is defined as the entire building. The building is considered vacant:
 - Unless it is at least 31% of the total square foot area is rented to a lessee or sub-lessee and used by the lessee or sub-lessee to conduct its customary operations; or
 - Unless it is used by the building owner to conduct its customary operations.
- Buildings under construction: Buildings under construction or renovation are not considered vacant.

VACANCY PROVISIONS

Now that vacancy is defined, the vacancy condition can be stated. If the building where loss or damage occurs, as defined above, is vacant for more than 60 consecutive days before the loss:

- The insurance company pays nothing if the loss is caused by or results from vandalism, sprinkler leakage, unless the system was protected against freezing, breakage of building glass, water damage, theft or attempted theft.
- The insurance company reduces any loss amount by 15% if the claim is due to any other covered cause of loss not listed above.

Notice Regarding Certificate Requirements, Contract Review and Additional Insured's

Our agency will review contracts and requirements for certificates of insurance as needed. The scope of our review is to determine if the current insurance program which you have placed through our agency addresses the types and amounts of insurance coverage referenced by the contract.

We will identify the significant insurance obligations required and compare them to your current insurance program.

In performing this review, our Agency is not providing legal advice or a legal opinion concerning any portion of the contract. In addition, our Agency cannot identify all potential liability that may arise under this contract.

Please note that most contracts are broader in scope than coverage provided by any insurance policy. For example, the term "any and all claims" is broader than any insurance policy can cover.

In regards to additional insured's, most general liability policies have an automatic extension endorsement that extends coverage to landlords and funding sources if there is a contract that requires it. Please note, however, that it does not extend coverage to these parties for professional liability or abuse. Many carriers are not willing to provide this coverage and you should contact our service team to discuss.

This review is provided for your information, and should not be relied upon by third parties. Any description of the insurance coverages are subject to the terms, conditions, exclusions and other provisions of the policies and any applicable regulations, rating rules or plans.

What is a Claims-Made Policy?

The claims-made insurance policy provides financial protection for all claims presented during the current policy year, providing the claim occurred after the prior acts date.

To understand the claims-made policy, we will define:

Current Policy Year:

The policy year begins on the effective date shown on the policy and expires on the expiration date also shown on the policy. The policy's effective and expiration dates change with yearly renewal of the policy. The "prior acts" or "retroactive date" remains the same, so you are protected for incidents that occurred in prior years by the current policy.

Prior Acts or Retroactive Date:

This is the date (shown on your policy) that dictates if a claim is eligible to be covered. Any claims occurring after this date, presented during the current policy year, are eligible for coverage by your current policy.

Supplemental Extended Reporting Period (Tail coverage):

Should the policy be cancelled or non-renewed, you may be entitled to purchase insurance protection for any claim which may be after the cancellation date. The premium which is charged for this insurance is based upon the number of years you have been insured (prior acts years) and the limits purchased.

Commercial Excess Coverage

Excess Liability Protection may extend coverage over Commercial General Liability, Commercial Auto Liability and Employers' Liability based on the approved schedule of underlying insurance.

The Excess policy may provide the following:

Excess coverage over limits provided by other liability policies

- Broadened coverage to respond to liability exposures not covered by other policies, subject to a Self-Insured Retention; and
- Replacement or "drop down" coverage when primary policy aggregate is exhausted or reduced.

Limits:

Higher Limits of Liability May Be Available

Each Occurrence	\$1,000,000
Aggregate	\$1,000,000
Self-Insured Retention	\$10,000

Required Underlying Limits:

Automobile Liability:	\$1,000,000
Commercial General Liability:	
General Aggregate	\$2,000,000
Products/ Completed Operations Aggregate	\$2,000,000
Each Occurrence	\$1,000,000
Personal Injury & Advertising Injury	\$1,000,000
Public Officials Liability:	\$1,000,000

Terms, conditions, exclusions include but are not limited to the following:

- Pollution Exclusion
- Care, Custody & Control of Real & Personal Property Exclusion
- Uninsured Motorists Exclusion
- Asbestos Exclusion
- Employment Practices Liability
- Directors & Officers Liability
- Fiduciary Liability
- Professional Liability Exclusion
- Excess Coverage for Uninsured Motorist is not available.
- No Fault (PIP) Exclusion
- Cross Suits Exclusion
- Abuse or Molestation Exclusion
- Athletic Activities Exclusion
- Communicable Disease Exclusion
- Dams or Reservoirs Exclusion
- Failure to Supply Exclusion
- Employers Liability is excluded
- Limited coverage for Certified Acts of Terrorism (TRIA 2006) is included
- PA Changes – Right to Reimbursement of Defense Costs IL0120 attached

Supplementary payments are included and will not reduce the limit of insurance. (i.e. defense costs are outside the policy limits).

The excess does not drop down over any "sub limit" on the underlying unless you have specifically confirmed otherwise. Example, you may have a \$25,000 sublimit for a coverage that is not excluded on the excess. However, because the underlying limit requirements are at \$1,000,000, the excess will not pick up until the \$1,000,000 requirements has been met. IE - \$975,000 gap in limits coverage.

This proposal is recommending that you place your Cyber Liability Coverage with a different insurance company.

Your new policy does provide Full Prior Acts, however, there are some instances where a new claim should actually be reported to your expiring insurance company.

Your expiring policy currently has the following automatic extended reporting period of 90 days for you to report such claims. Your expiring policy may also have an extended reporting period available for purchase as follows:

12 Months for 75% of expiring annual premium

Please consider purchasing this extended reporting provision to reduce the potential of an uncovered claim.

Cyber Liability Fact Sheet

Did you know?????

- Half of all small and midsize businesses in the U.S. experienced a data breach in the past year and 55% experienced a cyberattack.
- Nearly 40% of businesses have experienced a ransomware attack in the last year and of these, more than 1/3 lost revenue.
- Of all the cyber incidents tracked by Advisen, attacks against small and midsize business represent about 40% of the total.

Cyber liability coverage is insurance coverage for liability that arises out of unauthorized use of, or unauthorized access to, electronic data or software within your network or business. Cyber liability policies also provide coverage for liability claims for spreading a virus or malicious code, computer theft, extortion, or any unintentional act, mistake, error, or omission made by your employees while performing their job. Traditional insurance policies, such as your general liability and computer policies do not cover these unique exposures.

The following are some examples of the coverage available on this type of insurance policy. The policies typically allow you to purchase the specific coverage you wish to have:

- Claims arising out of negligence as respects privacy laws.
- Claims arising out of negligence as respects unauthorized access to your system and failure to prevent identity theft.
- Claims arising out of negligence from your website and internet based activities
- Notification expense should a breach occur where notifications of all affected parties is required by current laws and statutes.
- Credit Monitoring Expense where required
- Crisis Management Expense to mitigate harm to your reputation due to a breach
- Fines and penalties associated with Data Privacy Regulatory Proceedings
- Investigation Expenses

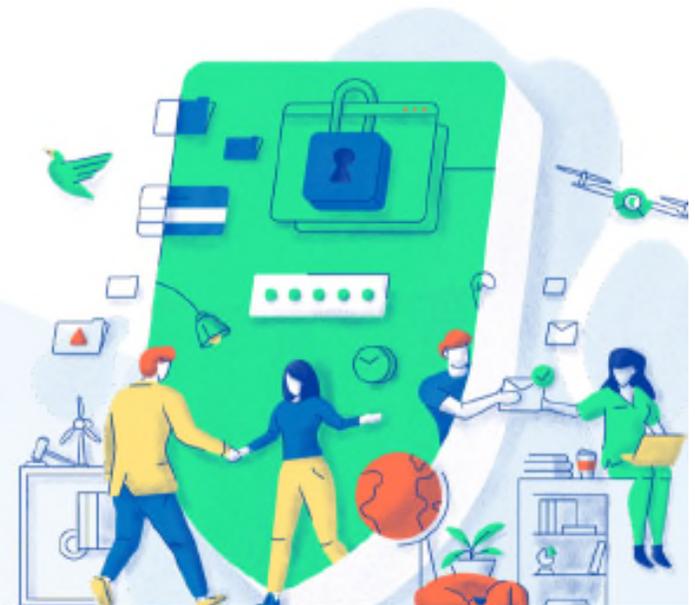

Why Do You Need Cyber?

Your General Liability policy isn't enough.

General Liability (GL) policies **do not** cover the loss exposures covered by cyber insurance policies. Think you're not at risk of cyber attack? Think again.

- 58% of cyber loss victims are small to midsize businesses.
- 36% of claims for Coalition policyholders result from a business email compromise.
- Coalition SMB policyholders experienced an average claim of \$160,000.

Over 90% of security incidents are caused by human error. Can you afford **not** to have cyber insurance?

The most innovative and comprehensive coverage available.

Coalition covers more of the financial, tangible, and intangible exposures your business faces as than any other insurance company.

Ransomware

A hacker has encrypted all of your files and won't unlock them until you pay a ransom. Not to worry, we'll cover the costs to restore your data and get you up and running again.

Wire Fraud and Social Engineering

A funds transfer request is sent to your controller by someone pretending to be your CEO. The funds may be out the door, but at least you're not out of pocket—we've got you covered.

Phishing and Data Breaches

A hacker gains access to an employee's email or breaches your network. We'll cover costs to fix the problem and breach related expenses such as credit monitoring and regulatory penalties.

There were \$1 billion in estimated hacking losses suffered by cryptocurrency exchanges last year alone. You need the most comprehensive protection. That's Coalition.

State-of-the-art cybersecurity

Our cybersecurity platform includes 24/7 monitoring, automated security alerts, employee training, and security experts to prevent cyber incidents before they occur.

Best-in-class cyber insurance

We protect the value of your business including financial, intangible, and tangible damage with up to \$15M of the most comprehensive cyber insurance.

Cyber Liability Claim Examples

The average cost of a data breach is \$204 per lost record, with more than half of such costs attributable to lost customers and the associated public relations expenses to rebuild an organization's reputation.¹ The below examples illustrate situations in which the costs incurred to remediate a data breach were significant.

Unauthorized Access

An international computer hacking group gained access electronically to the computerized cash registers of a restaurant chain and stole credit card information of 5,000 customers, starting a flood of fraudulent purchases around the world.

Theft of Digital Assets

A regional retailer contracted with a third party service provider. A burglar stole two laptops from the service provider containing the data of over 800,000 clients of the retailer. Under applicable notification laws, the retailer - not the service provider - was required to notify affected individuals. Total expenses incurred for notification and crisis management to customers was nearly \$5M.

Privacy Breach

An employee of a rehabilitation center improperly disposed of 4,000 client records in violation of the center's privacy policy. The records contained social security numbers, credit and debit card account numbers, names, addresses, telephone numbers, as well as sensitive medical information. The center settled the claim with the state of Massachusetts and agreed to pay fines and penalties imposed by the state as well as extend \$890,000 in customer redress funds for credit monitoring on behalf of the victims.

Theft of Digital Assets

A home healthcare organization had back-up tapes, laptops, and disks containing social security numbers, clinical and demographic information, and in a small number of cases, patient financial data that was stolen. In total, over 365,000 patient records were exposed. The organization settled with the state attorney general, providing patients with free credit monitoring, credit restoration to patients that were victims of identity fraud, and reimbursement to patients for direct losses that resulted from the data breach. The organization was also required to revamp its security policies, implement technical safeguards, and conduct random compliance audits.

Human Error

A non-profit community action corporation printed two 1099 forms on one piece of paper. An employee was supposed to separate the forms and send each to its rightful owner. Instead, one person received both copies. The mistake sent tax forms and social security numbers to strangers. Approximately 50% of the landlords who work with the community action corporation received their forms in addition to the private information of the others.

Cyber Extortion Threat

A U.S. based information technology company contracted with an overseas software vendor. The contracted vendor left universal "administrator" defaults installed on the company's server and a "Hacker for Hire" was paid \$20,000 to exploit such vulnerability. The hacker advised if the requested payment was not made he would post the records of millions of registered users on a blog available for all to see. The extortion expenses and extortion monies are expected to exceed \$2M.

Human Error

An employee of a private high school mistakenly distributed via e-mail the names, social security numbers, birthdates, and medical information of students and faculty, creating a privacy breach. Overall, 1,250 individuals' information was compromised.

Malicious Code

A juvenile released a computer worm directing infected computers to launch a denial of service attack against a regional computer consulting & application outsourcing firm. The infection caused an 18 hour shutdown of the entity's computer systems. The computer consulting & application outsourcing firm incurred extensive costs and expenses to repair and restore their system as well as business interruption expenses which totaled approximately \$875,000. ¹Ponemon Institute, 4/2009 Global Cost of a Data Breach Study.

Compensation. In addition to the commissions or fees received by us for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages, other parties, such as excess and surplus lines brokers, wholesale brokers, reinsurance intermediaries, underwriting managers and similar parties, some of which may be owned in whole or in part by Brown & Brown, Inc., may also receive compensation for their role in providing insurance products or services to you pursuant to their separate contracts with insurance or reinsurance carriers. That compensation is derived from your premium payments. Additionally, it is possible that we, or our corporate parents or affiliates, may receive contingent payments or allowances from insurers based on factors which are not client-specific, such as the performance and/or size of an overall book of business produced with an insurer. We generally do not know if such a contingent payment will be made by a particular insurer, or the amount of any such contingent payments, until the underwriting year is closed. That compensation is partially derived from your premium dollars, after being combined (or “pooled”) with the premium dollars of other insureds that have purchased similar types of coverage. We may also receive invitations to programs sponsored and paid for by insurance carriers to inform brokers regarding their products and services, including possible participation in company-sponsored events such as trips, seminars, and advisory council meetings, based upon the total volume of business placed with the carrier you select. We may, on occasion, receive loans or credit from insurance companies. Additionally, in the ordinary course of our business, we may receive and retain interest on premiums you pay from the date we receive them until the date of premiums are remitted to the insurance company or intermediary. In the event that we assist with placement and other details of arranging for the financing of your insurance premium, we may also receive a fee from the premium finance company.

If an intermediary is utilized in the placement of coverage, the intermediary may or may not be owned in whole or part by Brown & Brown, Inc. or its subsidiaries. Brown & Brown entities operate independently and are not required to utilize other companies owned by Brown & Brown, Inc., but routinely do so. In addition to providing access to the insurance company, the Wholesale Insurance Broker/Managing General Agent may provide additional services including, but not limited to: underwriting; loss control; risk placement; coverage review; claims coordination with insurance company; and policy issuance. Compensation paid for those services is derived from your premium payment, which may on average be 15% of the premium you pay for coverage, and may include additional fees charged by the intermediary.

It allows you to shift property values with no impairment of recovery, as long as the total amount of insurance carried complies with the coinsurance requirement stated in the policy.

Buildings - Permanent structures listed on the policy including completed additions, permanently installed fixtures, machinery and equipment, outdoor fixtures, owned personal property used to service, repair or maintain the building and additions under construction or repair.

If the amount of insurance carried is less than what is required by this clause, any claim payment may be reduced by the same percentage as the deficiency.

Examples of 80 % Coinsurance Clause, Based on Replacement Cost.

\$1,000,000	\$600,000	\$400,000	\$300,000 *

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Broad Form Property Damage - Modifies the care, custody, and control exclusion to provide property damage coverage in areas that you are working.

Claims-Made Form – Coverage only applies for claims made first during the policy period and that occurred on or after the "Retroactive Date" identified in the policy. If available, "Full Prior Acts" in place of a "Retroactive Date" eliminates the "Retroactive Date" provision.

Contractual Liability - Extends your coverage to liability assumed under contract, applies to both oral and written agreements relating to the named insured's business; e.g. when the insured signs an agreement which has a "hold harmless clause" and/or "indemnification agreement" in it, this provides the bodily injury and property damage tort liability exposure associated with these clauses. Employment Practices Liability - Typically excluded under the General Liability coverage form but available for purchase through specialty carriers, this covers lawsuits brought by employees (past, present or prospects), or governmental entities against the insured employer, alleging wrongful discharge, discrimination or certain types of harassment. Companies have developed their own forms and they vary tremendously.

Employee Benefit Liability - This is an optional coverage available on the General Liability policy and it is designed to cover the cost to employees that result from incorrect information provided regarding their employee benefits. This DOES NOT INCLUDE fiduciary responsibilities or any discrimination or harassment situations. A simple example is not providing the employee with the appropriate COBRA information following termination that results in the ex-employee losing benefits. Coverage is provided by most carriers on their own filed forms.

Excess Liability – Provides additional limits excess the underlying liability policies. Typically on a following form basis. In case of a conflict, the underlying policy provisions usually take precedence.

Extended Bodily Injury - Bodily Injury or Property Damage expected or intended by an insured is excluded. This exclusion does not apply to bodily injury resulting from the use of reasonable force to protect persons or property.

Fire Damage Legal Liability - Intended for tenant or lessee of a commercial building who does not agree under contract to be responsible for the building, or for that part of the building, which is in its care, custody or control. EXCESS / UMBRELLA LIABILITY TERMS

Auditable – When your policy is auditable, it requires an examination of your operation, records and books of account to discover your actual insurance exposure for the specific period of time coverage was provided. Exposure means your payroll, sales, units, number of employees or contract cost. Your premium is adjusted based on estimated exposures at policy inception vs. actual exposures after policy expiration.

Cross Liability - Claims where one insured sues another insured. Typically this is excluded in umbrella and excess liability policies.

Excess Liability – Provides additional insurance excess the underlying liability policies. Typically on a following form basis.

Indemnity – This is the insuring agreement clause found in most umbrella policies, as opposed to the pay on behalf agreement. When the indemnity insuring clause is used, the insurer will indemnify or reimburse the insured for those sums of money the insured becomes obligated to pay by reason of liability imposed upon the insured by law or assumed.

Limits of Insurance – All umbrella liability policies contain an Each Occurrence limit of insurance. Some umbrella liability policies may have a separate limit that applies to all personal and advertising injury for one person or for the organization. Also, some policies are written with aggregate limits for only one type of loss. Umbrella policies can be written with several different variations of the aggregate limits. There are no standard umbrella policy limits.

Pay on Behalf - An insuring agreement used in some umbrella policies. The agreement promises to make direct payment on behalf of the insured for those sums of money the insured becomes legally obligated to pay because of liability imposed upon the insured by law or assumed under contract.

Self -Insured Retention - Applies when a loss is excluded from coverage under the primary policy, but not excluded under the umbrella policy. This is the amount of the loss you must pay before the umbrella policy would be required to respond.

Umbrella – Provides excess liability coverage over a schedule of your primary liability policies. Umbrella policies have three functions:

1. To provide additional limits above the “Each Occurrence” limit of your primary liability policies.
2. To take the place of primary insurance when primary aggregate limits are reduced or exhausted.
3. To provide broader coverage for some claims that would not be covered by your primary insurance policies. This broader coverage is subject to the umbrella policy's self-insured retention.

being includible in gross income for federal income tax purposes; (e) **NEITHER THE SUPPLIER OF THE EQUIPMENT NOR ANY OF ITS SALESPERSONS ARE, OR HAVE ACTED AS, OUR AGENTS OR EMPLOYEES**; (f) financial information and other statements provided to us are accurate and correct and will be updated upon our request during the term of this Lease; (g) you are a political subdivision or agency or department of a State; (h) the entering into and performance of this Lease are authorized under the laws and constitution of your state and do not violate or contradict any judgement, law, order, or regulation, or cause any default under any agreement to which you are a party; (i) you have complied with all bidding requirements and, where necessary, have properly presented this Lease for approval and adoption as a valid obligation on your part; (j) this Lease is a legal, valid and binding obligation enforceable in accordance with its terms; (k) you have sufficient appropriated funds or other moneys available to pay all amounts due under this Lease for your current fiscal period; (l) the use of the Equipment is essential for your proper, efficient and economic operation, you will be the only entity to own, use or operate the Equipment during the term of this Lease and you will use the Equipment only for your governmental purposes; (m) You do not and will not: 1) export, re-export, or transfer any Equipment, software, source code or any direct product thereof to a prohibited destination, or to nationals of proscribed countries

wherever located, without prior authorization from the United States and other applicable governments; and 2) use any Equipment, software or technology, technical data, or technical assistance related thereto or the products thereof in the design, development, or production of nuclear, missile, chemical, or biological weapons or transfer the same to a prohibited destination, or to nationals of proscribed countries, without prior authorization from the United States and other applicable governments. You are not an entity or person designated by the United States government or any other applicable government with which transacting business without the prior consent of such government is prohibited. Upon our request, you agree to provide us with an opinion of counsel as to clauses (g) through (j) above, a certificate of appropriations as to clause (k) above, an essential use letter as to clause (l) above, and any other documents that we request, including information statements to be filed with the Internal Revenue Service, with all such documents being in a form satisfactory to us.

3. **YOUR WAIVER OF DAMAGES AND WARRANTIES FROM US. YOU LEASE THE EQUIPMENT FROM US "AS IS, WHERE IS." EXCEPT AS TO QUIET ENJOYMENT, WE MAKE ABSOLUTELY NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. YOU AGREE THAT YOU HAVE AN ABSOLUTE AND UNCONDITIONAL OBLIGATION TO PAY ALL LEASE PAYMENTS AND OTHER AMOUNTS WHEN DUE.** You hereby authorize us to reduce the lease payments by up to twenty percent (20%) in the event that the actual total cost of the equipment at the time of closing is less than the estimate. Lease Payments shall be increased by any cost or expense we incur to preserve the Equipment or to pay taxes, assessments, fees, penalties, liens, or encumbrances. Unless we give written notice of a new address, all payments under this Lease shall be sent to us at the address provided at the beginning of this Lease. Each payment received, at our discretion, will be applied first to the oldest charge due under this Lease. **YOU AGREE THAT TIME IS OF THE ESSENCE AND TO MAKE PAYMENTS REGARDLESS OF ANY PROBLEMS YOU MIGHT HAVE WITH THE EQUIPMENT INCLUDING ITS OPERATION, CAPABILITY, INSTALLATION, OR REPAIR AND REGARDLESS OF ANY CLAIM, SETOFF, DEFENSE YOU MIGHT HAVE AGAINST THE SUPPLIER, MANUFACTURER, SALESPERSON, OR OTHER THIRD PARTY.** Without our prior written consent, any payment to us of a smaller sum than due at any time under this Lease shall not constitute a release or an accord and satisfaction for any greater sum due, or to become due, regardless of any endorsement restriction, unless otherwise agreed by both parties in a signed writing.

5. **FUNDING INTENT.** You reasonably believe that funds can be obtained sufficient to make all Lease Payments and other payments during the term of this Lease. You agree that your chief executive, chief financial or administrative officer will provide for funding for such payments in your annual budget request submitted to your governing body. You and we agree that your obligation to make Lease Payments under this Lease will be your current expense and will not be interpreted to be a debt in violation of applicable law or constitutional

limitations or requirements. Nothing contained in this Lease will be interpreted as a pledge of your general tax revenues, funds or moneys.

6. **NONAPPROPRIATIONS OF FUNDS.** If (i) sufficient funds are not appropriated and budgeted by your governing body in any fiscal period for all Lease Payments and all other payments due under this Lease for such fiscal period, and (ii) you have exhausted all funds legally available for such payments, then you will give us written notice and return the Equipment to us, and this Lease will terminate as of the last day of the fiscal period for which funds are available to pay amounts due under this Lease. Such termination is without any expense or penalty, except for the portions of the Lease Payments and those expenses associated with your return of the Equipment in accordance with this Lease for which funds have been budgeted and appropriated or are otherwise legally available.

7. **TAXES, ASSESSMENTS AND FEES.** You will pay when due, either directly or to us upon our demand, all taxes, fines and penalties relating to this Lease or the Equipment that are now or in the future assessed or levied by any state, local or other government authority. We will file all personal property, use or other tax returns (unless we notify you otherwise in writing) and you agree to pay us a fee for making such filings. We do not have to contest any taxes, fines or penalties. You will pay estimated property taxes with each invoice or annually, as invoiced. In addition, you authorize us to file at our option financing statements and/or fixture filings without your signature. If we request, you will execute such financing statements and/or fixture filings. To the extent permitted by law, you hereby grant us a security interest in all Lease Payments and Equipment, and all of your interest therein, and all proceeds and products thereof. You agree to pay us a documentation fee to be billed with the first Lease Payments to cover account setup and administrative costs. You agree to reimburse us for reasonable costs incurred in collecting taxes, assessments, or fees for which you are liable, and any collection charges attributable thereto, including reasonable attorney fees.

8. **NOTICE.** All notices shall be given in writing by the party sending the notice and shall be effective when deposited in the U.S. mail, addressed to the party receiving the notice at its address shown on page 1 of this Lease (or to any other address specified by that party in writing) with first class postage prepaid.

9. **SUCCESSORS AND ASSIGNMENTS. YOU AGREE NOT TO TRANSFER, SELL, SUBLEASE, ASSIGN, PLEDGE OR ENCUMBER EITHER THE EQUIPMENT OR ANY RIGHTS UNDER THIS LEASE WITHOUT OUR PRIOR WRITTEN CONSENT,** and even with our consent, you shall remain jointly and severally liable to the full extent with your assignee. **WE MAY, AT OUR OPTION ASSIGN OUR RIGHTS AND INTERESTS UNDER THIS LEASE WITH NOTICE TO YOU BUT WITHOUT YOUR CONSENT.** You agree that our assignee will have the same rights and remedies that we have now. You agree that the rights of our assignee will not be subject to claims, defenses, or setoffs that you may have against us. You agree that we are not an agent of our assignee and that we have no affiliation with such assignee except for such assignment. You stipulate that any such assignment by us shall not materially change your duties, obligations or risks under this Lease. You agree to acknowledge each such assignment in writing if so requested and keep a complete and accurate record of all such assignments in a manner that complies with §149 of the Code, and the regulations promulgated thereunder.

10. **OWNERSHIP AND TITLE,** You will have title to the Equipment upon your acceptance of it; provided, however, that title will immediately vest in us or our assignee if this Lease is terminated because you have not appropriated funds for payment of Lease Payments or other amounts due hereunder, as provided in Section 6 of this Lease or if you are in default of this Lease pursuant to the terms of Section 16 of this Lease. We have the right to inspect the Equipment, and have the right to affix and display a notice of our security interest in the Equipment. The Equipment shall remain personal property whether or not affixed to realty and shall not be part of any real property on which it is located. At our request, you shall obtain a landlord and/or mortgage waiver for the Equipment. All additions, attachments, and accessories placed on the Equipment become part of the Equipment unless removed prior to

the termination of this Lease. You agree to maintain the Equipment so that it may be removed from the property or building where located without damage.

11. OPERATION AND TERMINATION. You shall be solely responsible for the installation, operation, and maintenance of the Equipment, shall keep it in good condition and working order, and shall use and operate the Equipment in compliance with applicable laws. If the Equipment is of the type not normally maintained by you, then you, at your expense, shall maintain in full force and effect throughout the term of this Lease Supplier's standard maintenance contract. You agree to keep and use this Equipment only at the address specified above, to never abandon or move the Equipment from that address, nor relinquish possession of the Equipment except to our agent. If you are required to return the Equipment to us for any reason, you shall, at your expense, wipe clean or permanently delete all data contained on the Equipment, including without limitation, any data contained on internal or external drives, discs, or accompanying media, immediately crate, insure and return the Equipment to the designated location in as good a condition as when you received it, excepting only reasonable wear and tear. In the case of any item of Software to be returned to us, you will also deliver to us the original certificate of authenticity issued by the licensor of such Software, if any.

12. RISK OF LOSS AND INSURANCE. During the term of this Lease, you bear the entire risk of loss or damage to the Equipment. You shall immediately notify us of the occurrence of any loss or other occurrence affecting our interests and shall make repairs or corrections at your expense. In such event, and to the extent permitted by law, you agree to continue to meet all payment and other obligations under this Lease. You agree to keep the Equipment insured at your expense against risks of loss or damage from any cause whatsoever. You agree that such insurance shall not be less than the replacement value of the Equipment. You also agree that the insurance shall be in such additional amount as is reasonable to cover us for public liability and property damage arising from the Equipment or your use of it. You agree to name us as the loss payee and an additional insured. Upon our request, you agree to furnish proof of each insurance policy including a certificate of insurance and a copy of the policy. The proceeds of such insurance shall be applied at our sole election toward the replacement or repair of the Equipment or payment towards your obligations. If you so request and we give our prior written consent, in lieu of maintaining insurance as described herein, you may self insure against such risks, provided that our interests are protected to the same extent as if the insurance had been obtained by third party insurance carriers and provided further that such self insurance program is consistent with prudent business practices with respect with such insurance risk. You will give us certificates or other evidence of such insurance on the commencement date of this Lease, and at such times as we request. Such insurance obtained will be in a form, amount and with companies acceptable to us, and will provide that we will be given 30 days' advance notice of any cancellation or material change of such insurance.

13. INDEMNITY. You agree, to the extent permitted by law, to indemnify and hold us harmless from and against, any and all losses, damages, injuries, claims, demands, and expenses, including any and all attorney's fees and legal expenses ("Claims") arising from or caused by any actual or alleged use, possession, maintenance, condition (whether or not latent or discoverable), operation, location, delivery or transportation of any item of Equipment.

14. TRANSFER OF EQUIPMENT AT END OF TERM OF LEASE AND PURCHASE OPTION. When you have paid all Lease Payments and all other amounts due under this Lease and have satisfied the other terms of this Lease, we shall transfer all of our interest in the Equipment to you "AS IS, WHERE IS," without any warranty, express or implied, from us. With 30 days prior written notice, you may purchase the Equipment (other than software that we may not be authorized to sell) on any Lease Payment date for an amount equal to the rent due on the Lease Payment date, the remaining Lease Payments due under this Lease discounted at the annual rate of 3% and all other amounts due under this Lease. You may exercise this purchase option only if you are not in default under the terms of this Lease.

15. COLLECTION CHARGES AND ATTORNEY'S FEES. If any part of any sum is not paid when due, you agree to pay us: (i) in the first month, a late charge to compensate us for collecting and processing the late sum, such late charge is stipulated and liquidated at the greater of \$.05 per dollar of each delayed sum or \$15; plus (ii) a charge for every month after the first month in which the sum is late to compensate us for the inability to reinvest the sum, such charge is stipulated and liquidated at 1 1/2% per month, or when less, the maximum allowed by law.

16. DEFAULT. You shall be in default of this Lease on the occurrence of any of the following events: (a) you fail to pay any Lease Payment or any other amount due under this Lease within 10 days after it first becomes due; (b) you assign, move, pledge, sublease, sell or relinquish possession of the Equipment, or attempt to do so, without our written authorization; (c) you breach any other obligations under this Lease, or any other agreement with us, and fail to cure such breach within ten days after we send notice of the existence of such breach; (d) you breach any warranty to us; (e) any execution or writ of process is issued in any action or proceeding to seize or detain the Equipment; or (f) you file a voluntary petition in bankruptcy, you are adjudicated as a bankrupt, or any proceeding is filed against you under the bankruptcy or similar laws of the United States or the state where the Equipment is located, and the proceeding is not dismissed within 60 days after filing.

17. REMEDIES. Should you default, we have the right to collect and to exercise any or all of the following: (a) we may cancel or terminate this Lease or any or all other agreements that we have entered into with you or withdraw any offer of credit; (b) we may require you to pay us, as compensation for loss of our bargain and not as a penalty, all Lease Payments for the remainder of your current fiscal period; (c) we have the right to immediately retake possession of the Equipment without any court order or other process of law and for such purpose may enter upon any premises where the Equipment may be, remove the same and apply any proceeds from any sale or lease of the Equipment to the payment of amounts which would have been due, if the default had not occurred; and (d) we have the right to exercise any remedy at law or equity, notice thereof being expressly waived by you. Our delay or failure to exercise a remedy constitutes neither a waiver of any other remedy or a release of your liability to return the Equipment or for any loss or Claim with respect thereto. You shall be liable for all reasonable costs and expenses incurred in the repossession, recovery, storage, repair, sale, re-lease or other disposition of the Equipment.

18. SEVERABILITY. The provisions of this Lease are severable and shall not be affected or impaired if any one provision is held unenforceable, invalid, or illegal. Any provision held in conflict with any statute or rule of law shall be deemed inoperative only to the extent of such conflict and shall be modified to conform to such statute or rule.

19. RELEASES. To the extent permitted by applicable law, you hereby waive your rights to: (a) cancel or repudiate this Lease; (b) revoke acceptance of or reject the Equipment; (c) claim a security interest in the Equipment; (d) accept partial delivery of the Equipment; (e) sell or dispose of the Equipment upon rejection or revocation; (f) seek "cover" in substitution for this Lease from us.

20. MITIGATION OF DAMAGES. Should we use or dispose of any returned or repossessed Equipment, we will credit the amount that you owe with any excess which we actually recover over the cost of retaking and disposing of the Equipment. Any action under this Lease by you for claims against us for indemnity, misrepresentation, breach of warranty and contract default or any other matter shall be commenced within one (1) year after any such cause of action accrues. The provisions of this Section 20 shall be applied only to the extent permitted by the laws of the state where the Equipment is located.

21. MISCELLANEOUS. Regardless of any conflicting provisions in this Lease, this Lease will be governed by the laws of the state in which the Equipment is located. Any change in any of the terms and conditions of this Lease must be in writing and signed by us. If we delay or fail to enforce any of our rights under this Lease, we will still be entitled to enforce those rights at

MEMO TO: Board of Supervisors

**FROM: Amanda Zerbe, Community Development Manager
Nick Gehret, Zoning Officer**

DATE: September 11, 2020

**SUBJECT: Preliminary/Final Land Development Plan Storage Building for Dauphin
County Technical School
Plan#20-13
Time Extension: November 2, 2020**

Plan Summary:

The purpose of this plan is to construct a 3,200 SF Storage building over existing pavement within the current school property. The accessory structure will be utilized for storage. No new impervious area will be added to the lot.

The site is located in the IN Institutional District. The storage building will not require water or sewer.

This Plan was approved at the September 2, 2020 Planning Commission Meeting.

Waiver Requests:

1. [SLDO:180-515.E.1] The applicant is requesting a waiver of the requirement to provide street trees.
 - *As the proposed project is for an accessory building with no major development and located in the rear of the property behind the existing school, we are respectfully requesting that the requirement for street trees be waived for this project. The proposed frontage also has power lines that run the whole front of the property that would make the planting of trees not feasible.*

We support this waiver request as the frontage along Locust Lane has multiple overhanging power lines that makes the planting of trees not feasible.

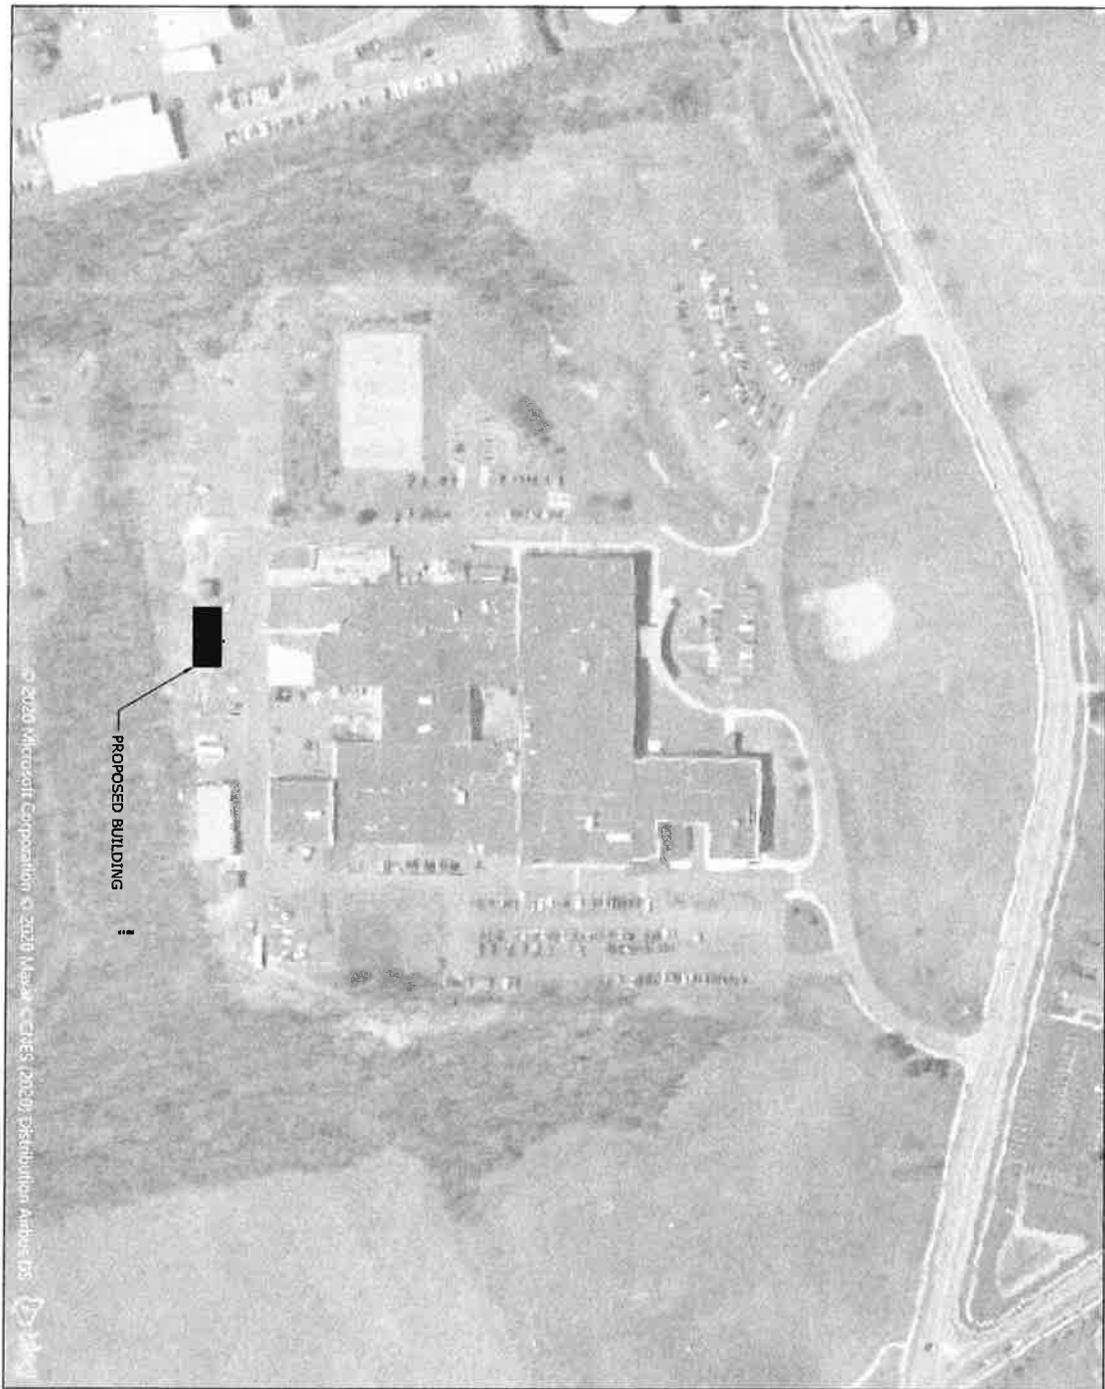

Administrative Comments:

1. A Zoning Permit shall be required for the plan [ZO: 203-103.A.2]
2. Upon approval, provide an electronic file of the complete plan set and any other technical plans on a compact disk (CD) in accordance with Section 180-308. [SLDO: 180-404.E.16]
3. The applicant shall pay all required fees prior to recording the plan. [SLDO: 180-1105]
4. The plan shall be reviewed by the Township Fire Marshall for any necessary fire lanes, building connections, fire hydrant locations and specifications, etc. [180-404.C.19].

General Comments:

1. Please clarify the General Notes on sheet 1, item 1. The note reads that the purpose of this plan is to construct a building for Shalom House Traditional Housing. Please reconcile the comment.
2. Please clarify the General Notes on sheet 1, item 2. The note reads all public improvements associated with the project area shall conform to the latest edition of the City of Harrisburg's codes and specifications. Please reconcile the comment.
2. Plan approval shall be subject to addressing all comments of Andrew Bomberger, TCRPC.
2. Plan approval shall be subject to addressing all 22 comments as stated in the memo dated August 24, 2020 from Jason Hinz, HRG

After all conditions of the plan are met, the applicant will be responsible for recording the plan with the Dauphin County Recorder of Deeds and provide the Township with two recorded copies.

Dear Commissioners:

On behalf of DCTS, we are requesting the following one (1) waiver from the Township's Subdivision and Land Development Ordinance (SALDO).

- 1. **§180-515.E.**
REQUIREMENT: Street trees shall be required in all subdivision and land developments on the following: For existing and new arterial, collector and minor streets, as defined herein, a quantity of one street tree for every 50 linear feet of street frontage shall be provided. Street trees shall be planted no closer than 30 feet on center or father than 75 feet on center along each side of the street.

REQUESTED RELIEF: As the proposed project is for an accessory building with no major development and located in the rear of the property behind the existing school, we are respectfully requesting that the requirement for street trees be waived for this project. The proposed frontage also has power lines that run the whole front of the property that would make the planting of trees not feasible.

Please do not hesitate to contact us with any questions or to discuss these requests. Thank you.
