

## MEMO TO THE TOWNSHIP BOARD OF SUPERVISORS

## OCTOBER 2024 FINANCIAL REPORTING PACKAGE

DECEMBER 20, 2024

ASSISTANT TOWNSHIP MANAGER/FINANCE DIRECTOR

### Introduction

The attached represents a summarized October 2024 budget-to-actual and comparative (2023) summary report for the General Fund, as well as detailed October 2024 budget-to-actual reports for all funds of the Township. The summarized General Fund report consolidates major revenue and expenditure reporting categories, primarily by operating department, in a similar fashion to our budgetary documents. Narrative is provided to add perspective differences of significance, chiefly supporting those differences within the current year (currently ten of 12 months for the year, or roughly 83.3% of the year).

### General Fund Highlights

The General Fund is the major operating fund of the Township, chiefly accounting for all activities that are either partially or fully tax subsidized (primarily real estate and earned income). This includes all general administration and leadership, as well as Public Safety, Public Works (roads, facilities, and relating infrastructure), Community and Economic Development (including zoning, planning, and code enforcement), and Parks and Recreation functions.

The start of the third quarter leads to quieter revenue streams and a number of significant expenses to end the year (pension payments and OPEB funding due by year-end, monthly payroll/related benefit costs, etc.). Larger portions of financial reserves aid the disparity heading into late winter, when earned income and real estate taxes accelerate in 2025. 2024 Projections are developed by all department heads to aid in the determination of 2025 budgetary requests for shifts in activities between operating years and inflation/cost assessments for the new year. Overall, similar to past months, the majority of results were reasonably comparable (though more positive) to October 2023, and the Township maintains adequate reserves (soundly in excess of our 25% expenditures policy requirement) for ongoing operations and late 2024/early 2025 financial needs until the next cycle of taxes begin to be received. In addition, initial projections (*still in very draft form*), support results will be very positive versus budget with strong tax growth and overall payroll costs under expectations (vacant positions, retirement-to-new-hire transition savings, etc.).

Ending General Fund cash reserves in October 2024 are just under \$10.1 million, with \$774,000 due from the Authority for recurring monthly and third quarter cost reimbursements (majority satisfied in November).

### Other Operating/Capital Township Funds

While the General Fund maintains the majority of Township operations, chiefly those tied to activities and initiatives that are partially or fully tax subsidized, the Township also budgets for and operates four other funds, which are presented in attached reports in detail but with less comparative information and analysis. That said, the following are summarized highlights relative to each of the respective other major reporting funds:

### Solid Waste & Recycling Collection Fund

To save residential customers \$25/quarter (roughly \$1.7 million annually!), the Township internally absorbed the billing, collection, and customer service functions of the residential solid waste and recycling contracts within the Township in mid-2023. Customer charges, including a \$5 quarterly administrative charge, offset incurred costs related to the program, with minor reserves generated for contractual increases over the agreement's duration. Billings are generated quarterly in arrears for the prior calendar quarter, and the attached report reflects cash receipts (*excludes unpaid, delinquent charges*) and most expenditures are delayed to month following (hauler fees) or assessed quarterly (wages/related tax and benefits). Outside of budget, the Township incurred capital costs of over \$63,000 for resident-requested 35-gallon solid waste and recycling containers to come from predicted reserves.

The General Fund is assisting with temporary cash flow needs relative to the timing of payment on contractual costs (due monthly since contract inception) versus collection of user fees (three-month lag for billing, then managing collections/delinquents) – *in a perfect world, if all resident billings are paid in full as issued, this relates to roughly \$1.85 million advanced by quarter to Penn Waste.* This equates to roughly \$2.3 million through October 2024 (quarter advance, plus delinquents) with just under \$1.1 million in Authority collections due to the Township, to be satisfied in December.

### State Aid Fund

The State Aid Fund accounts for resources received from the state's oil franchise tax to be used to support the construction, reconstruction, maintenance, and repair of public roads or streets, which are legally mandated to be segregated from all other operations for tracking and reporting purposes. Annual allotments from the State for roads maintenance and improvements were received in March (below budget, but strong interest earnings should help offset the difference), and annual state paving projects typically push to late Q3/early Q4. Unanticipated costs for guardrail replacement expenses (one nearly fully reimbursed through insurance proceeds) totaled \$13,000. Unfortunately, Mother Nature (quiet for the last several years) reminded us of what winter is, and several storm events spiked the need for road salt and anti-skid to service over 250 linear miles of roadway; now anticipated to eclipse budget, but not significantly. Ending State Aid Fund financial reserves in October 2024 are \$984,000, with remaining budget of roughly \$414,000 in spend to close out 2024 (though likely about half, with remainder carrying in to 2025).

### Community Development Block Grant (CDBG) Fund

The CDBG Fund was established in mid-2024 to account for Federal direct entitlement grant funds for the Township (just over \$222,000 and slightly climbing annually) restricted to programs to aid low/moderate-income households and those with disabilities as well as relating program administration. More information regarding the Township's CDBG program can be found here: <https://lowerpaxton-pa.gov/526/Community-Development-Block-Grant-CDBG>. Amounts are expended in advance of reimbursement request, or operating transfers from the General Fund for project or program costs incurred outside of the entitlement funds. As of October 2024, just over \$40,000 in administrative funds have been incurred (nearly all qualifying under CDBG funding program) and grant reimbursement submissions are expected in December, with more formal program work in early 2025.

### General Improvements and American Rescue Plan Act (ARPA) Funds

While distinctly separate, the above funds are focused on significant capital investment projects of the Township, which are funded primarily from grant, contribution, sale proceeds, and debt financing; for 2024 and forthcoming years, the ARPA Fund accounts for the transfer of ARPA funding and proceeds from excess land sales designated for improvements and acquisitions to the General Improvements Fund.

Virtually all budgeted projects skew to mid/later 2024 and many remain in pre-construction general planning (particularly transportation projects, *which many will push to 2025 as still in design/planning*; Brightbill Park work was significant towards early summer completion) and will for the majority of the year – some spending (IT and Municipal Center Improvements, and Parks security cameras) are carry-over costs from projects budgeted and expected complete for 2023 shifting to 2024 for final completion. Several larger fee-in-lieu contributions were received, invested for future new investments in existing parks or new park establishment. Ending cumulative cash reserves in October 2024 total just over \$4.9 million, predominantly earmarked for parks/recreation and transportation projects spending over the next several years (*2024 budget anticipates use of \$1.9 million, but several significant projects still in planning, primarily transportation related, will shift to 2025*).

#### Fire Protection Tax and Equipment Fund

The Fire Protection Tax and Equipment (FPTE) Fund accounts for the dedicated tax millage towards supporting the local volunteer fire companies as well as operating and capital costs for maintenance of infrastructure and assets of public safety services for fire response, prevention, and suppression, as well as funding the Township's Deputy Fire Chief position. Operating and capital reserve activities of the fund are segregated within the budget.

Similar to the General Fund, the bulk of real estate taxes (over 98%) are now received, and reserves are utilized to cover the majority of remaining costs for 2024. Many expenditures are delayed to month following (hydrant fees) or assessed quarterly (wage-related benefits and taxes/volunteer stipend and allotment disbursement); capital reserve funding transfer occurred in March based on discount-period taxes received and debt payments in April. Ending FPTE Fund financial reserves in October 2024 are just under \$1.5 million for operations and slightly over \$2.1 million for capital (three replacement apparatus, with extended construction timelines [three years estimate], were Board approved and ordered in June [payment recognized as Deposit on purchases, and will become expenditure once units are substantially completed]; current expenditures limited to upfit costs for Deputy Fire Chief vehicle transfer, due to police unit totaled in Q1).
