

## **MEMO TO THE TOWNSHIP BOARD OF SUPERVISORS**

## **APRIL 2025 FINANCIAL REPORTING PACKAGE**

JUNE 13, 2025

**INTERIM FINANCE DIRECTOR**

### **Introduction**

The attached represents a summarized April 2025 budget-to-actual and comparative (2024) report for the General Fund, as well as detailed April 2025 budget-to-actual reports for all funds of the Township. The summarized General Fund report consolidates major revenue and expenditure reporting categories, primarily by operating department, in a similar fashion to our budgetary documents. Narrative is provided to add perspective differences of significance, chiefly supporting those differences within the current year (currently four of 12 months, or roughly 33.3%, of the year) but also commenting on prior year where applicable.

### **General Fund Highlights**

The General Fund is the major operating fund of the Township, chiefly accounting for all activities that are either partially or fully tax subsidized (primarily real estate and earned income taxes). This includes all general administration and leadership, as well as Public Safety, Public Works (roads, facilities, and relating infrastructure), Community Development (zoning, permitting, planning, and code enforcement), Economic Development (including communications), and Parks and Recreation functions.

April is historically when revenues start to climb for municipalities, as residents have taken advantage of the discount period for real estate taxes. This aids against financial pressures for the Township to consistently fund payroll and related benefit/tax, general casualty/liability insurance, solid waste and recycling fees, and early-year capital lease/debt payments. Overall, results were reasonably comparable to April 2024, and the Township maintains adequate financial reserves (soundly in excess of our 25% expenditures policy requirement) to withstand the initial months of the year with limited inflows, though cash reserves were significantly lower than prior year (*see below*). *See the forthcoming General Fund Summary Report for more detail by each major reporting category.*

Ending General Fund cash reserves in April 2025 are about \$8.8 million, with \$3 million due from the Authority (includes current month and quarter Management Agreement reimbursements, as well as reimbursement for debt payments centralized with the Township's account; majority satisfied in early May), and roughly \$1.5 million due from the Solid Waste and Recycling Collection Fund, reflecting Q1 2025 monthly charges paid to Penn Waste for services to be billed in April (*see forthcoming section*). An additional \$3.07 million is due from the Fire Protection Tax and Equipment Fund relating to prepayments made on vehicle orders in 2024 that are to be reimbursed with apparatus sale proceeds and Fire capital reserves in 2025.

### **Other Operating/Capital Township Funds**

While the General Fund supports the majority of Township operations—primarily those that are partially or fully subsidized by tax revenue—the Township also maintains and budgets for five additional operating funds. These funds are detailed in the attached reports; however, they include less comparative data and analysis than the General Fund section. Below is a summary of key highlights for each of these major reporting funds:

#### *Solid Waste & Recycling Collection Fund*

To save residential customers \$25/quarter (roughly \$1.7 million annually), the Township internally absorbed the billing, collection, and customer service functions of the residential solid waste and recycling contracts within the Township in mid-2023. Customer charges, including a \$5 quarterly administrative charge (unchanged since its inception), offset incurred costs related to the program, with minor reserves generated for contractual increases over the agreement's duration. Billings are generated quarterly in arrears for the prior calendar quarter, and the attached report reflects cash receipts (*excludes unpaid, delinquent charges*) and most expenditures are delayed to month following (hauler fees) or assessed quarterly (wages/related tax and benefits).

The General Fund is assisting with temporary cash flow needs relative to the timing of payment on contractual costs (due monthly since contract inception) versus collection of user fees (three-month lag for billing, then managing collections/delinquents). This equates to roughly \$1.5 million through April 2025, with only \$71,000 pending remittance from the Authority for collections made through April's end.

#### *State Aid Fund*

The State Aid Fund accounts for resources received from the state's oil franchise tax to be used to support the construction, reconstruction, maintenance, and repair of public roads or streets, which are legally mandated to be segregated from all other operations for tracking and reporting purposes. Annual allotments from the State for roads maintenance and improvements were received in March (slightly above budget), and annual state paving projects typically push to late Q3/early Q4.

Unfortunately, several storm events spiked the need for road salt and anti-skid to service over 250 linear miles of roadway to start the year; while held within budget for 2024, costs spiked in early 2025 to start the season eclipsing the budgeted expectation. A budgeted replacement skid loader was acquired to start the year as well. Additionally, the Township acquired a street sweeper in April to enhance operational efficiency, allowing for a three-unit rotation in street maintenance

Ending State Aid Fund financial reserves in April 2025 are just under \$784,000.

#### *Community Development Block Grant (CDBG) Fund*

The CDBG Fund was established in mid-2024 to account for Federal direct entitlement grant funds for the Township (just over \$222,000, and slightly climbing, annually) restricted to programs to aid low/moderate-income households and those with disabilities as well as related program administration. More information regarding the Township's CDBG program can be found here: <https://lowerpaxton-pa.gov/526/Community-Development-Block-Grant-CDBG>.

Amounts are expended in advance of reimbursement request, or operating transfers from the General Fund for project or program costs incurred outside of the entitlement funds. As of April 2025, just under \$54,000 in administrative (and minor program) funds have been incurred to-date (all in 2024), and grant reimbursement submissions are expected in May, with more formal program work in early 2025. Transfer for \$13,900 was recognized for prior expenses in the General Improvements Fund submitted in the above amount.

#### *General Improvements and American Rescue Plan Act (ARPA) Funds*

While distinctly separate, the above funds are focused on significant capital investment projects of the Township, which are funded primarily from grants, contributions, excess asset sale proceeds, and debt financing; since 2021, the ARPA Fund accounts for the transfer of ARPA funding and proceeds from excess land

sales designated for improvements and acquisitions to the General Improvements Fund as needed for project milestones.

The Township continues to engineer and plan several major, primarily-grant-funded road transportation improvement and safety enhancement projects as well as several major park renovation projects, that skewed budget/actual significantly in 2024 (*pushed to 2025 and later years*), many tied with Federal and State funds requiring significant involvement from outside agencies and slowing the process substantially. The budget also includes several significant Authority projects partially funded by Township grants (passed through General Improvements Fund, net \$-0-). Minor activity noted through April 2025, with fee-in-lieu revenues totaling \$40,000 and expenditures relative to Linglestown pedestrian beacon installation, continued engineering on significant transportation projects and costs for the fuel center improvements, community garden fencing installation (*significant Public Works labor absorbed by the General Fund for installation and site prep*), and camera purchases for public safety interview rooms.

Ending cumulative cash reserves in April 2025 total just under \$4.7 million predominantly earmarked for parks/recreation and transportation projects spending over the next several years. \$580,000 noted as due from Authority related to pass-through grants, which are accrued and still awaiting physical receipt (\$-0- wash).

#### Fire Protection Tax and Equipment Fund

The Fire Protection Tax and Equipment (FPTE) Fund accounts for the dedicated tax millage towards supporting the local volunteer fire companies as well as operating and capital costs for maintenance of infrastructure and assets of public safety services for fire response, prevention, and suppression, as well as funding the Township's Deputy Fire Chief position and an allocated portion of the Public Safety Director's position. All remaining staffing is volunteer from our three area stations – Colonial Park, Linglestown, and Paxtonia Fire Companies. Operating and capital reserve (for apparatus and small vehicles) activities of the fund are segregated within the budget.

2025 marks a significant expansion in the Fire operations with the expectation of ten (10) career fire staff hires during the year, currently in review for wage and benefits packages, application, and academy training, and all ancillary uniforms, subscriptions, turnout gear, and equipment. As with the General Fund, April presents increased real estate tax activity due to discount period receipts, which help cover cash outlays for volunteer fire allotments and stipends. Negative maintenance costs reflect insurance proceeds received in advance of an apparatus repair scheduled and not yet billed/paid.

Ending FPTE Fund financial reserves in April 2025 are just over \$4 million for operations and about \$2.3 million for capital (three replacement apparatus, with extended construction timelines [three years estimate], were Board approved and ordered in June 2024), reduced minimally for budgeted vehicle acquisition (awaiting upfit). The General Fund temporarily subsidized the replacement apparatus (\$3.07 million) to be repaid by apparatus sales anticipated in 2025 as well as capital reserve funding.
