

## **Controlled Plant Lists (from Commonwealth of PA)**

A controlled plant is a plant species or subspecies that has been designated by the committee as a controlled plant and is regulated to prevent uncontained growth and to negate undesirable characteristics.

- Hemp - *Cannabis sativa* L and any viable part of that plant with a delta-9 THC concentration of not more than 0.3% on a dry weight basis.

[PDA regulates hemp growing and processing through the Hemp Program.](#)

## **About Noxious Weeds**

Noxious weeds are identified as a plant that is determined to be injurious to public health, crops, livestock, agricultural land or other property and cannot be sold, transported, planted, or otherwise propagated in Pennsylvania.

Weeds are placed within one of three classes, Class A, B, or C based on spread and eradication potential and includes the [Federal Noxious Weed list](#) by default as Class C weeds.

### **Class A Noxious Weed -**

- Is established in Pennsylvania
