Owner/Agent shall verify that any proposed construction and/pr development activity complies with the requirement of the National Flood Insurance Program and the Pennsylvania Flood Plain Management Act (Act 166-1978), specifically Section 60.3.

The applicant certifies that information on this application is correct, and the work will be completed in accordance with the approved construction documents and PA Act 45 Uniform Construction Code and any additional requirements of the Municipality. The property owner and applicant assume the responsibility of locating all property lines, setback lines, easements, right-of-way, flood areas, etc.. Issuance of permits and approval of construction documents shall not be construed as authority to violate, cancel, or set aside any provisions of the codes or ordinances of the Municipality or any other governing body. The applicant certifies he/she understands all the applicable codes, ordinances, and regulations.

Application for permit shall be made by the owner/lessee of the building or structure, or agent of either, or by the registered design professional employed in connection with the proposed work. I certify that the code administrator the code administrators authorized representative shall have the authority to enter areas covered by such permit at any reasonable hour to enforce provisions of the code(s) applicable to such permit.

# PROVISIONS

1. In signing this application, the applicant certifies that the facts and estimated value set forth in the permit application have been examined and to their knowledge are true, correct, and complete.

2. The required inspections at various stages of construction will be defined as follows:

**Footer** – after excavation prior to placing concrete. (Minimum depth below grade 36 inches.)

**Foundation** - after parging and waterproofing is in place, but prior to backfill.

**Framing** - prior to the interior wall covering.

**Energy** - prior to interior wall covering (insulation R values and fenestration U values), air sealing, approved recessed lighting.

**Mechanical** - rough in and final.

**Plumbing Inspection** - rough in and final. Air test required at rough in. **Drywall** - prior to spackling and paint.

**Electrical** - inspections are made by the listed Electrical Inspection Agencies and approved by the Township Board of Supervisors. **Electrical inspections will be invoiced separately by the approved Electrical Inspection Agencies.** (Do not call Township offices for electrical inspections.)

**Final** - last inspection prior to occupancy.
